**A RESEARCH PROJECT SUBMITTED TO THE DEPARTMENT OF
EDUCATION, MANAGEMENT AND CURRICULUM STUDIES FOR
AWARD OF BACHELOR OF EDUCATION (SCIENCE) OF
MOUNT KENYA UNIVERSITY**

SEPTEMBER 2013

ABSTRACT

The basic objective of this study was to identify disaster management in science laboratories in high schools and how to improve on disaster preparedness. Methods used in collection of information were personal observation, interviewing and administering questionnaires to individuals like laboratory assistance, school administration, science teachers and student. The researcher discussed the techniques employed in collection of information, analyzed the collected information, tools used and drew recommendation.
