ABSTRACT

Kenya has over thirty years history of school feeding program me. It is a well needed support system in a nation that is now dealing with food crisis that has left ten million Kenyans at risk of hunger.

The purpose of the research is to find out the problems children encounter in ECDE centre in the absence of a feeding program me in Rwathia pre-school, Kanyenya-ini zone in Kangema District in Murang'a County, Kenya.

The number of respondent who participated in the research included the Head Teacher, two teachers and twenty children who were randomly selected.

The research used questionnaires and interview schedules to collect data.

Data was analyzed and presented in bar graph and pie charts.

A conclusion was drawn.
