CHIEF GUEST

AMB. SIMON NABUKWESI
 The Principal Secretary,
 State Department for University
 Education and Research.
 Chief Guest

I must congratulate the 2021 graduands of Mount Kenya University whose achievement we are witnessing today. I Am proud to associate myself with this success and I am confident that the graduands we are releasing today are well-prepared to join the world of work and contribute to the socio- economic development of our great nation, Kenya. I take this opportunity to salute parents, guardians and all stakeholders who have supported these students in various ways. I am confident that the university has given the graduands the right skills and knowledge to excel in life.

I appreciate the current effort made by the universities in Kenya towards enhancing integration of the people of this region. These include the Inter-University Council for East Africa's numerous measures which have led to a consolidation of the people in this region.

Examples of these include the Lake Victoria Research Initiative (VicRes), as well as the support of inter – universities staff exchange programmes, regional conferences hosted on rotational basis in different countries, and many others including the ongoing discussions towards harmonization of academic university programmes.

However, attention must also be focused on each University's effort in contributing towards the East African regional integration. In this regard, Mount Kenya University's contribution of Ksh 10,000,000 (USD 100,000) to the Joint Fund which was launched in 2018 for joint human health research between Mount Kenya University and Makerere University College of Health Sciences is a good example.

Additionally, the continued expansion of education access by Mount Kenya University to increase enrollment from the entire East African Region is no mean achievement. Mount Kenya University's strong partnerships in research, teaching, community outreach as well as exchange programmes for staff and students with Makerere University (UG), Makerere Business School (MUB, UG), Gulu University (UG), University of Dar – es -Saalam (TZ), Tanzania Institute of Accountancy (TZ), MKU Rwanda, Summit International Institute (SII) in Burundi as well as involvement in co-curricular activities at East Africa level including participation in the East Africa Games have been great efforts towards enhancing the regional integration.

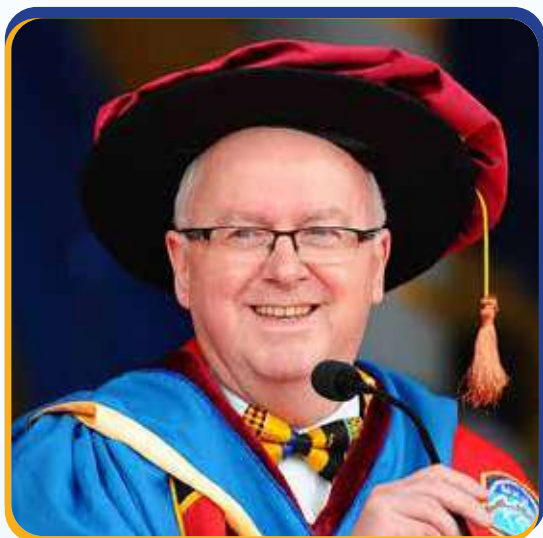

We also do take note of the numerous development partners who have joined the universities in support of the partnerships that contribute towards the East African regional integration. Their support is greatly appreciated. In this regard, a word of encouragement goes to all the higher education institutions within the East African region to join hands in this endeavor as we all work towards greater unity among the people of the East African region. More and more development partners are invited to join in this noble mission.

Amb. Simon Nabukwesi, CBS.

THE CHANCELLOR

**PROF. JOHN J.M. STRUTHERS,
MA (Hons), MPhil, FRSA, FHEAS
Chancellor, MKU**

I start by congratulating Mount Kenya University's Board of Directors, the University Council, University Senate, staff, students and all the stakeholders as we all jointly congregate both online and physically to mark the 20th Graduation Ceremony of Mount Kenya University.

To the entire MKU fraternity, as the Chancellor, I would also wish to commend the university's progress especially through the last one and a half years for the very successful mitigation against the COVID-19 challenges that we have all witnessed. Indeed, Mount Kenya University has turned the COVID – 19 challenges into greater learning opportunities and especially through increased online partnerships which have led to a marked increase in the internalization of the university along the North - South, South – South as well as Triangular International Cooperation. These have been achieved in diverse areas of Science, Technology, Innovation as well as in Knowledge Transfer and are consistent with Mount Kenya University 2020-2029 Strategic Plan which promotes the use of strategic partnerships for institutional growth and development.

High on the list of these partnerships is the United Nations Academic Impact (UNAI) SDG 10 – Reduced Inequalities Hub which has been fully embedded at the university through its academic programmes, as well as in the co-curricular and community engagement activities of the university.

Other notable recent engagements include the Kilimanjaro Blind Trust Africa partnership for provision of Orbit Reader 20 electronic devices to replace braille devices as well as the establishment of the YUNUS Social Business Center at Mount Kenya University. The latter led to the successful hosting of the 10th YUNUS Social Business Academic Conference, as well as the 10th YUNUS Global Social Business Summit at MKU in November 2021 which I was delighted to participate in. Other conferences successfully hosted within the last three months include: the Talloires Network Conference; the 1st Entrepreneurial University of Africa Conference; and the Inter - Universities Consortium's 7th International-Interdisciplinary Conference. All of these were significant achievements. The latter was co-hosted by the consortium of the 4 member universities at Kyambogo University, Uganda.

In harmony with the theme of the 20th Graduation Ceremony, cognizance is taken of the University's deliberate and focused engagements with key universities and community networks in the East African region. To this end, much support has been provided by the university into charitable missions, research, teaching as well as infrastructural development in different parts of the East African region. Such endeavours are to be commended. As a result, the university has become well-known in the East African region as a partner of choice.

As a result of these successes, Mount Kenya University is continuously exceeding stakeholders' expectations in carrying out its triple mandate of teaching, research and community outreach. To the university fraternity, my sincere congratulations to all of you and let us all, in our individual and collective capacities, maintain this spirit for the greater good of humanity.

Last but not least, I offer my hearty congratulations to all the graduands, as well as to their parents and guardians on the successful completion of their courses which will enable them to move to the next stage of their lives and careers.

Mungu awabariki.

THE CHAIRMAN, UNIVERSITY COUNCIL

PROF. DAVID T. K. SEREM, PhD
Chairman,
University Council, MKU

I am delighted, on behalf of Mount Kenya University Council, to welcome you to the 20th Graduation Ceremony. I appreciate our teaching faculty and professional staff whose hands our graduands have passed through; your efforts, and hard work in training these graduands are highly recognized and appreciated.

MKU has established a culture and a tradition of teamwork. I appreciate the harmony within the Board of Directors, among the members of the University Council and University Management Board.

The University Council as mandated by the MKU (amendment) Charter, 2016 has continued to discharge its mandate effectively. The University Council has approved the following policies:

1. Mount Kenya University Anti-Corruption and Anti-Bribery Policy

The policy outlines the procedures that MKU undertakes in relation to prevention of acts of corruption and bribery for the University to protect its reputation against any allegation of bribery and corruption. MKU is committed to ensuring adherence to the highest level of ethical standards in the conduct of its business affairs. MKU will apply a “zero

tolerance” approach to acts of bribery and corruption by any of the employees, parents, students, business partners and other interested parties working on behalf of the University.

2. Laboratory policy

The policy shall ensure timely allocation of workload to technical staff, appropriate management of practical activities, timely and effective monitoring of practical activities, assessment of practical reports, safety of laboratory users, carrying out documentation and support of research, proper management and use of laboratory, proper authorization and use of laboratory infrastructure and for management of laboratory activities.

Management of all laboratory activities shall be guided by University policies and guidelines as well as National and International regulations.

The university council has supported the following University initiatives:

1. Corporate brand index

Competitiveness and Corporate image as an enabler of university operations requires a strong brand and high visibility. The university has consistently been ranked and rated among the top universities by various independent surveys. The Webometrics’ ranking of world universities- July-edition placed MKU among the top 5 private universities. Google’s most searched institutions in Kenya in the last 15 years listed MKU at 6th position. The University Council will continue to support to enhance stakeholders’ satisfaction that will lead to attraction and retention of students, employees and create an awesome customer experience. This has led to the increased student enrolment and university sustainability.

2. Internal Scholarship 2021

MKU through MKU Foundation has continued to support bright and needy students through the internal Vice-Chancellor scholarship fund currently at 5 million. This is in addition to the Chancellor’s scholarship fund amounting to Kshs 1.5m.

To our graduands, I take this opportunity to pass my warm congratulatory messages on your well-deserved achievement and success.

HAPPY AND PROSPEROUS NEW YEAR

VICE-CHANCELLOR

PROF. DEOGRATIUS JAGANYI,
PhD, MSc, DIC, MRSC
Vice-Chancellor, MKU

I congratulate all the graduands on completing their studies successfully as we celebrate their great success. I thank all stakeholders for their collective efforts, which have made it possible for us to have our graduands today. Today we celebrate the academic achievements of 5333 graduands. We take pride in this significant achievement and acknowledge that this is a manifestation of resilience and synergies from all our stakeholders.

Student Enrolment and Assessment

During the September-December 2021/2022 semester, MKU enrolled 43,087 students. The high enrolment is an indication of collective responsibility of the university community, positive public perceptions and a testimony that the University has established its niche, characterized by quality assurance mechanism in her programmes and internal processes, making MKU a preferred destination for both government and self-sponsored students. The university has employed the latest ICT technologies in online teaching and student examinations, including proctoring technology, to guarantee the sanctity of online student evaluation system.

Kenya National Qualification Authority Accreditation

MKU became the 1st Private University to receive accreditation by Kenya National

Qualifications Authority (KNQA). KNQA awarded MKU certificate of accreditation and recognition as a Qualification Awarding Institution (QAI) for 198 programmes.

Approval of new curricula

The university Senate has supported three new curricula: Master of Science in Bio-ethics, Postgraduate Diploma in Bio-ethics, and Master of Science in Animal Welfare and Science. The Commission for University Education has approved Bachelor of Science in Medical Biochemistry.

Teacher Professional Development

MKU has been accredited by Teachers Service Commission (TSC) to offer Teacher Professional Development (TPD).

Student Co-Curricular Activities

MKU, University of Nairobi and UNESCO partnership in student welfare plan dubbed 03 plus project to addresses health and well-being of students. MKU teams competitively participated in Kenya Universities Sports Association (KUSA) Nairobi league games and sports competitions. The university basketball court has been rated the best amongst university courts nationwide.

Research

A grant of Kshs. 7 million from International Research and Development (IRD) to train and implement Covid-19 guidelines in Kiambu and Nairobi Counties. MKU has partnered with the International Agency for Research on Cancer, a WHO agency, to study the genetics of breast cancer in Kenya and other low and middle income countries.

Innovation

The University is currently undertaking several innovation initiatives.

- Nutri-Kid—a low-cost Ready-To Use-Therapeutic-Food (RUTF) for Management of Malnutrition in Children.
- Lipa Fees – A fintech solution developed by a student to enable financial inclusion and access to education.
- Machakos County population -based cancer registry via “Precision medicine for earlier diagnosis of breast cancer in Kenya” project funded by Medical Research Council.

Community Engagement

MKU has continued its commitment to community engagement;

- KSH 7 Million preloaded tablets with education materials donated to inmates in a joint collaboration with KNATCOM-UNESCO and National Research Fund.
- MKU and Partners for Care donated 2000 three-ply masks, 1000 recyclable water bag-packs and waterguard to Laikipia County primary school pupils.
- MKU School of Law launched a six-month Murang’a County’s land succession empowerment programme to provide free legal clinic to resolve land disputes and benefit over 2000 members.

The university is committed to enhance quality service delivery to all the stake holders and meet needs and expectations of all the interested parties.

THANK YOU AND GOD BLESS YOU ALL.

THE VICE-CHANCELLOR DESIGNATE, MKU RWANDA

Prof. Edwin Odhuno, PhD
Mount Kenya University Rwanda

The 20th Graduation ceremony on 10th December, 2021 marks significant milestones to all 450 graduands from Mount Kenya University Rwanda. First, the occasion is a celebration of Mount Kenya University's regional academic clout, ecosystem resilience and preparedness in the wake of a two-year Covid 19 catastrophe. Just before the catastrophe, the Ministry of Education had instructed universities and related tertiary institutions to implement comprehensive English proficiency programmes to ensure that graduates are not only proficient in English but are also competitive regionally and internationally. Through the support of the Board of Directors, the campus moved with speed to establish the English Proficiency Skills Laboratory equipped with requisite computer hardware and software. Subsequently, the graduating class of December 2021 are the pioneers in this quest since they successfully completed the training and assessment for proficiency.

This year also marks a celebration of Mount Kenya University's 12 years of existence in the Republic of Rwanda where a number of universities have exited in the last few years. From humble facilities that the campus rented in Camp Kigali, City Centre

and Kicukiro, the University now occupies a massive state-of-the-art infrastructure on 11,000 square meters with a student capacity of 6,000. The campus has on-campus male and female hostels with a capacity of 200 students. The construction of the campus was opportune and a game-changer because the government of Rwanda now requires that universities must build facilities as opposed to renting. In addition to the affiliated Royal FM facilities, the campus is constructing a model four-star training hotel to be christened Mount Kigali, Utalii Hotel for Hospitality and Travel related specializations. From the humble beginnings, today Mount Kenya University, Kigali campus, has graduated a total of 7,597 professionals including a former Prime Minister, Cabinet Ministers, Members of Parliament and prominent media personalities to mention a few.

We also celebrate our growing international student graduates in the last few years. These graduates are coming from the Democratic Republic of Congo, Burundi, Uganda, Nigeria, Liberia, Chad, Gambia and Tanzania among others. Most recently, a project to attract Francophone students was mooted following an observation from enrolment of students from countries such as Chad and Gambia. Gabon is the latest country to come on board with an initial admission of twelve students. In order to support the international student community, the campus management has introduced the office of Student Recruitment and International Services (SRIS). Mount Kenya University Rwanda is well-suited to internationalize education in Rwanda and the region based on its strength as an English speaking institution with a broad base of international faculty.

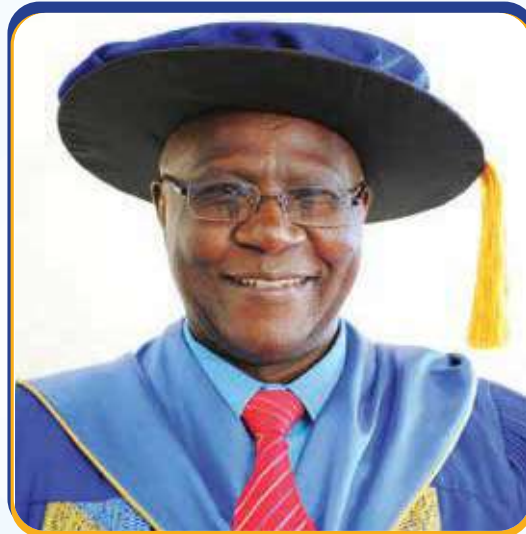

In the near future, the campus is poised to continue leveraging its core mandate of quality education. The institution is also seeking international partners in pursuit of academic excellence and collaborations. Very soon, with support of the government of Israel, the University will partner with Oranim College for faculty and curricula support in the School of Education.

Once again congratulations to Mount Kenya University Rwanda class of December 2021. May God bless you.

MOUNT KENYA UNIVERSITY ANTHEM

*Inspired by modernity
Exuding great abilities
Mount Kenya University
Unlocking infinite possibilities.*

We gather on your slopes to
build our capabilities,
And stand at the peak to view
our opportunities,
With joy and pride we hail your
credibility,
Transforming our world with
stunning versatility.

United we strive to serve the
great humanity,
With passion and hope;
excellence and integrity,
We trust in God for wisdom and
prosperity,
Achieving our goals in science
and technology.

THE EAST AFRICAN COMMUNITY ANTHEM

Ee Mungu twaomba uilinde
Jumuiya Afrika Mashariki
Tuwezeshe kuishi kwa amani
Tutimize na malengo yetu.

*Jumuiya Yetu sote tuilinde
Tuwajibike tuimarike
Umoja wetu ni nguzo yetu
Idumu Jumuiya yetu.*

Uzalendo pia mshikamano
Viwe msingi wa Umoja wetu
Na tulinde Uhuru na Amani
Mila zetu na desturi zetu.

Viwandani na hata mashambani
Tufanye kazi sote kwa makini
Tujitoe kwa hali na mali
Tuijenge Jumuiya bora.

THE KENYA NATIONAL ANTHEM

O God of all creation
Bless this our land and nation
Justice be our shield and defender
May we dwell in unity
Peace and liberty
Plenty be found within our borders.

Let one and all arise
With hearts both strong and true
Service be our earnest endeavour
And our homeland of Kenya
Heritage of splendour
Firm may we stand to defend.

Let all with one accord
In common bond united
Build this our nation together
And the glory of Kenya
The fruit of our labour
Fill every heart with thanksgiving.

THE PHARMACIST'S OATH

- I,
 Reg. No. Do hereby swear that:
- I will practice my profession of pharmacy with conscience to uphold its dignity and honour; holding myself and my colleagues to the highest principles of our profession's moral, ethical and legal conduct.
 - I will actively search for and disseminate new skills and knowledge of the profession and related disciplines; accepting the lifelong obligation to improve my professional knowledge and competence.
 - I will use my knowledge, experience and skills to the best of my ability to ensure optimal outcomes for the patients and to relieve human suffering in sickness and illness while maintaining the welfare of Humanity.
 - I will consult, cooperate with, and seek counsel from fellow Pharmacists and other health Professionals.
 - I will practice the profession without prejudice while embracing and advocating changes that improve patient care.
 - I will not distribute or promote the use of substances in a manner that is harmful to humanity.
 - I will abide by the rules and regulations governing the practice of pharmacy including the objectives of the Code of Ethics of Pharmacy Practice in Kenya and pledge to assist in their enforcement and promotion.
 - I will respect and protect all personal and health information, keeping all secrets I learn and as entrusted to me in the course of my professional duties.
 - I make these solemn promises freely and upon my honour with the full realization of the responsibility with which I am entrusted by the public and society.

So Help Me God!

HIPPOCRATIC OATH School of Clinical Medicine

I,
 Reg. No. swear to fulfill, to the best of my ability and judgment, this covenant. I will respect the hard-won scientific gain of those physicians in whose steps I walk, and gladly share such knowledge as is mine with those who are to follow. I will apply, for the benefit of the sick, all measures that are required, avoiding those twin traps of over-treatment and therapeutic nihilism. I will remember that there is art to medicine as well as science, and that warmth, sympathy and understanding may outweigh the surgeon's knife or the chemist's drug.

I will not be ashamed to say "I know not," nor will I fail to call in my colleagues when the skills of another are needed for a patient's recovery.

I will respect the privacy of my patients; their problems disclosed to me that the world may not know. Most especially must I tread with care in matters of life and death. If it is given to me to save a life, all thanks. But it may also be within my power to take a life: this awesome responsibility must be faced with great humbleness and awareness of my own frailty. "Above all, I must not play at God".

I will remember that I do not treat a fever chart, a cancerous growth, but a sick human being, whose illness may affect the person's family and economic stability. My responsibilities include these related problem, if I am to care adequately for the sick.

I will prevent disease whenever I can; bearing in mind prevention is preferable to cure.

I will remember that I remain a member of society, with special obligations to all my fellow human beings, those of sound mind and body as well as the infirm.

If I don't violate this oath, may I enjoy life, be respected while I live and remembered with affection thereafter.

May I always act so as to preserve the finest traditions of my calling, and may I long to experience the joy of healing those who seek my help

So Help Me God!

Research Brief

The integration of environmental sampling with clinical testing to inform COVID-19 surveillance and infection control in Kenya

The data generated from this study will be used in a geospatial-temporal epidemiological analysis to correlate SARS-CoV-2 abundance in the environment with clinical COVID-19 burden. By monitoring changes in both SARS-CoV-2 abundance in the wastewater and COVID-19 clinical case prevalence, we hope to improve infection control and decision-making. By sequencing SARS-CoV-2 genomes from environmental and clinical samples we will assess the genetic diversity of circulating infections.

Testing for COVID-19 remains key in efforts to curb the spread of the disease, considering the larger population is yet to be vaccinated. However, the currently available methods of testing are expensive and require skilled staff. At Mount Kenya University, we are working on a diagnostic method that will be faster, cheaper, and user-friendly. The method termed lab-on-chip diagnostic method will use saliva as a sample source instead of the nasal or oral swabs, which have been reported to be uncomfortable.

In addition to the simple sample collection method, the technique uses a simplified viral detection method where the amplification of the viral genomic material is carried out and done at a constant temperature, making the technique employable even in areas with limited resources. While many diagnostic techniques currently available use sophisticated machines to analyze the results after the amplification of the genomic material of the virus, the lab-on-chip method uses lateral flow strips like the ones used in malaria or pregnancy tests to read out the results. This makes it easy to know the results in a simplified manner without the need for specialized machines or specialists. The end goal is to have a chip that is ready to use and all that will be needed is for the user to add the sample and insert the lateral flow strips for result read-out.

Mount Kenya University Continues Efforts In The Fight Against The Covid Pandemic

The COVID-19 pandemic continues to devastate the country for nearly two years now. Vaccination against the virus has boosted the global and local response but due to a limited supply of vaccines, the country's health systems are strained in combating the virus. The need for sustained mass testing is a crucial component towards containment of the pandemic. A significant deficit exists in COVID-19 testing services.

Point-of-care testing presents a unique opportunity to bridge this gap. It refers to easy-to-use, rapid tests that can be used to provide a diagnosis of COVID-19 infection at the point of care or as soon as the patient presents to a health provider. The rapid diagnostic test is less costly and can help reach a great many people who lack access to timely diagnosis to ensure early care and self-quarantine efforts. The rapid test provides quick results in under 30 minutes enabling rapid infection control measures.

Mount Kenya University leads a consortium of Kenya's leading research organizations. The team led by Dr. Jesse Gitaka is providing COVID-19 testing kits to health facilities in Kiambu and Nairobi to help boost COVID-19 testing. Other organizations in this consortium include Kenya Medical Research Institute (KEMRI) and the University of Nairobi. More than 120 health-care workers have been trained with plans of increasing this number by training 500 more in the next one month. MKU has also distributed over 43,000 testing kits to 25 facilities in Kiambu and Nairobi. The project team is aiming to expand the services to over 70 health facilities to ensure testing services are made available to all levels of the health care system with a keen focus on community testing in highly populated areas.

The researchers look forward to strengthening the country's efforts in the fight against the pandemic in the two COVID-19 hot spot counties which are continuing to report the highest numbers of positive cases. Early testing will lead to a reduction in transmission of the virus and early start of targeted care for patients in need. Mount Kenya University is at the forefront in accelerating Kenya's health system response efforts against COVID-19.

RUTH MBUGUA, HOD Community Health Nursing

Mount Kenya University School of nursing has won a grant worth Ksh 12 Million. Titled “Supporting well-being and Resilience in the Nursing Workforce during and Post COVID-19 Pandemic” funded by Burdett Trust for Nursing (UK).

Ruth Mbugua is a Co-Principal Investigation (Co-PI) in the project that is run by a collaborative team from University of Nairobi, Jomo Kenyatta University of

Agriculture & Technology, Moi University and the National Nurses Association of Kenya.

The main goal of the project is to support the well-being and resilience in the Nursing Work-force for quality health-care delivery and improved populations’ health outcomes in Kenya. These has created an avenue for nurses and midwives and other health care workers to stay connected and share key insights and other critical information during this tumultuous time.

Additionally, the project has developed a training curriculum that will be used to train nurses working in various facilities on basic research skills. To support this, an e-learning platform that is uploaded with e-learning materials has been set up. To promote mental health well-being of nurses and midwives, screening of nurses/ midwives for common mental health disorders associated with COVID-19 was done. A chatbot has also been established at the NNAK headquarters to promote communication with nurses and identify those who need psychosocial support. The project has developed a Clinical Collaboration and Communication Platform dubbed Muuguzi that has been piloted at the Machakos Level 5 Hospital.

University of Hull, UK Don applauds MKU for well established research infrastructure

Rachael Kimani, MKU Research Assistant and PhD. Student with Dr. Bongkot Ngamsom at MKU research Lab

“Mount Kenya University offers us a platform to work with real samples on our devices and solve real problems affecting Sub Saharan countries” said Dr Por in an interview during her visit to MKU. Dr Bongkot Ngamsom commonly known as Dr. Por is a post-doctoral researcher from University of Hull, UK, and has a Doctor of Engineering from Thailand. She has been working

with Prof Nicole Pamme on various projects under supervision. Prof Pamme has collaborated with Dr Jesse Gitaka of MKU on many research activities including the development of Bungoma Hospital Neo-Natal wards.

“The researchers at Mount Kenya University are always willing to collaborate with us” she resonated. She appreciates the readiness of the researchers at the institution to take up new knowledge and emphasized that there is a conducive research environment that exists in the institution.

The collaboration has led to the successful development of lab-on-chip device and assays for diagnosing diseases such as Covid-19 and detection of Group B Streptococci (GBS) in pregnant women. She visits Mount Kenya University occasionally for knowledge-transfer purposes. in various projects since 2018, which apply the concept of Microfluidics in miniaturization of laboratory devices for diagnosis.

Assessing the impact of measures to curb Covid-19 on health services

Mount Kenya University (MKU) partnered with Machakos County, Technical University (TU-K) of Kenya and The University of Edinburgh (UoE) from UK to assess the impact of the measures to curb Covid-19 on health services in Machakos County.

This study, funded by the Scottish Council Research Fund of UoE is led by Dr Francis Makokha, Head: Human Health Research Programme in MKU's Directorate of Research. Dr Jonine Figueroa, a Chancellor's Fellow at the Usher Institute, UoE, as the co-principal investigator. The other members of the study team from MKU were Dr Peter Kirira (Ag. Principal, College of Graduate Studies & Research), Dr Moses Kamita (Study Coordinator), Dr Tabitha Gitau from School of Public Health, Ms. Rebeccah Waithanji (Research Assistant), Ms. Elizabeth Muli, a co-investigator and collaborator from TU-K. Machakos County was represented by Dr Ancent Kituku, CEC Department of Health & Emergency Services; Dr Sharon Mweni, Director, Medical Services and Mrs. Faith Mutisya, Deputy Director, Nursing services, as co-investigators.

Entrepreneurship and Professional Development

MISSION

TO IDENTIFY, NURTURE AND MATURE YOUTHFUL GRADUATE ENTREPRENEURS ACROSS AFRICA

Mount Kenya University's Graduate Enterprise Academy (GEA) was instituted in 2013 as a community outreach platform whose activities are primarily geared towards youth empowerment and edification through entrepreneurial and leadership-oriented training. The impact of GEA has been phenomenal. This owes to two main reasons among others. These are the carefully selected and highly potent training which is blended from amongst relevant and renowned programs derived from across the globe and the fact that it is offered by a team of well-qualified and experienced practitioners and professors.

The GEA program at MKU has gone through progressive changes since inception which have been informed by the community dynamics as well as viability options. So far, two cohorts have been commissioned whose beneficiaries are running their businesses as well as mentoring others across the country. As a business accelerator, GEA embraces the Public – Private Partnerships strategy to ensure a quad – helix model. Exhibitions, face-to-face and digital mentoring, networking and monitoring and evaluations are key hallmarks of the GEA's strategic operations.

Mental Health Awareness Walk

The world mental health awareness day, marked annually on 10th October had its theme as “mental health in an unequal world”. With the latest statistics from the Ministry of Health, Kenya, placed Kiambu County as the county that witnessed most deaths from suicide. More than fifty percent of the number were young adults aged between 16 and 28 years. Tertiary institutions, including our university has also formed part of the stats when our students have been found to have died by suicide. We have witnessed increased cases of abnormal behaviors, use of drugs and unimaginable tendencies, we also seen extremities in how students handle stress.

All these prompted the student governing council to set up projects that will promote mental health awareness, its mainstreaming, and innovative solutions to some of the challenges that are associated with it. The Mental Health walk was organized by the student’s welfare committee and supported by the university’s board of directors. The 8KM walk brought together more than 600 students and partners including the Avenue HealthCare Group, NTSA, Redcross and the County government of Kiambu.

Prof. Kigaatira the founding dean of Medical School flagged off the walk together with the MKUSA

chairperson. The MKU brass band lead the procession together with the NTSA and red cross walking martial. In attendance was also Juma Hemedi, director THIWASCO and aspiring member of parliament for Thika constituency.

The walk commenced from the CT grounds to Thika Town all the way to YMCA junction through to Runda estate where most of our students reside and back to the University where it climaxed with presentations and expounding on the project being undertaken by the university in curbing mental illnesses among staff and students.
