ABSTRACT

This research aimed on helping the researcher on the findings out the effects of underdevelopment on education in Tigania East Constituency. The research was conducted in the above mentioned constituency Meru North District Meru County. On this project research, the researcher discussed the background of the study, the statement of the problem, the purpose of the study, the limitations and delimitations of the study, the theoretical framework and conceptual framework and also the objectives of the study. The objectives of the study were to find out the causes of underdevelopment on education, to find out the role of the community and government towards education development and general strategies to educational development.

The descriptive survey research design was used which aimed to collect information from the respondents on their attitudes and opinions in relation to effects of underdevelopment on education.
