AND INSTRUCTION SCHOOL OF EDUCATION IN FULL FILLMENT OF THE
REQUIREMENT FOR THE AWARD OF BACHELOR OF EDUCATION OF MOUNT
KENYA UNIVERSITY.**

JUNE, 2015

ABSTRACT

The purpose of this study was to establish the influence of the existing school feeding programmes on the enrolment of pupils at primary level in Banisa Zone, Mandera County. The study was guided by theoretical framework of Maslow's hierarchy of needs. The purpose of the study was to look into the effects of school feeding programmes on enrolment of pupils in public primary school in Banisa Zone, Mandera County. The chapter two of this study focused on related literature and materials. It provided a broader insight of the study. The chapter three of the study focused on the research methodology and research instrument that were used in the study. Chapter four of the study outlined the findings of the study as per the objectives.

It was noted that school feeding programmes had impacts on the pupils' academic achievement. The pupils' basic needs that include food were being met. Corruption among the personnel and bodies involved in the implementation of school feeding programmes were rampant.
