Cabinet Secretary, Ministry of Education

The spirit of Public-Private Partnerships (PPP) has been embraced in Kenya in diverse and efficient ways since 2008 when the country unveiled the Kenya Vision 2030 as the national development blue print. The same spirit has been encouraged by the United Nations' Sustainable Development Goal No. 17. It is, therefore, appreciated that, Mount Kenya University has embraced the PPPs spirit in the University's core mandate of teaching, research and community engagement. This is witnessed today by the graduation of the First Cohort of the Government-Sponsored students from Mount Kenya University, a private institution. I hail this unique PPP that enables

more students to access quality higher education in Kenya. Strategic PPPs can help the nation attain its Vision 2030 goals by providing globally competitive and quality education, training and research. PPPs help reduce public spending, raise access, equality and equity in the provision of education.

The Ministry of Education appreciates the Government's move to place students in private universities. President Uhuru Kenyatta directed KUCCPS to place, for the first time, 10,000 students in private universities as provided for in the Universities Act, 2012: 56(1). This has raised the number of students admitted to all universities, both private and public annually, standing at 89,000 last year.

I congratulate all students who are graduating today. It is, therefore, vital to note that to ensure accountability and quality training of the graduates in Kenya, both at public and private universities, the Commission for University Education and regulatory bodies undertake continuous oversight and facilitative roles.

To this end, the Ministry is currently engaged in various reforms in the universities' sector geared towards ensuring high standards of teaching and research.

I urge the graduands to embrace integrity in all their future engagements. The Ministry of Education invites other stakeholders to embrace and support Public-Private Partnerships as stimuli for socio-economic development of our nation.

It is, therefore, appreciated that, MKU has embraced the PPPs spirit in the University's core mandate of teaching, research and community engagement. This is witnessed today by the graduation of the First Cohort of the Government-Sponsored students from Mount Kenya University, a private institution.

Message From THE CHANCELLOR

**PROF. JOHN J.M. STRUTHERS,
MA (Hons), MPhil, FRSA, FHEAS
Chancellor, Mount Kenya University**

Greetings from the University of the West of Scotland. Congratulations to our graduands who after the 17th Graduation Ceremony of Mount Kenya University shall be our newest alumni, the Class of 2019! What you have accomplished is enormous and you have greater potential than when you began your studies at Mount Kenya University. You have not only earned yourselves a qualification, but also have matured emotionally, socially and indeed intellectually. Your newly acquired education status will serve you well throughout your life. It is my hope

that you shall in turn contribute towards social and economic solutions to your communities and to the world at large.

The University training has positioned you in the path of quality, excellence and indeed life championship. Therefore, you are ready for the global market. As the Chancellor, I wish you all success in your life accomplishments. The University releases you to the global market with the confidence that “Your best is yet to come”. I hope your dream takes you to the corners of your smiles, to the highest of your hopes and to the windows of opportunities. “I Have a Dream”.... was a part of a profound speech by Dr. Martin Luther King delivered to about 200,000 people on August 28, 1963. His dream lingers on to-date.

We too at Mount Kenya University also have our shared dream of cementing our synergies through partnerships and collaborations. The university has thus engaged with eight key local and international partners in the last six months. Among them is Manchester Metropolitan University; Ministry of Health on PhD training; Health Systems Management Association (HESMA) at Nakuru Campus; Mentor Talent HUB, a partnership with the University of Regensburg, Germany; VMware’s Virtualize Africa partnership; Aga Khan Hospital collaboration; Telkom Kenya and United Nations Volunteers programme. These partnerships focus on creating avenues for enhanced innovations in training, research and joint knowledge transfer for the good of humanity. This is our shared vision.

Merry Christmas and a Happy New Year!

Message From

THE CHAIRMAN, UNIVERSITY COUNCIL

PROF. DAVID K. SEREM, OGW
Chairman, University Council MKU

On behalf of Mount Kenya University Council I welcome you to the 17th Graduation Ceremony. The University Council is committed to ensure implementation of University policies to support Teaching and Learning, Research and community engagement. The University Council will support continuous development of competitive resource-based advantages and instil a strong value system through mentorship. THE ACTING VICE-CHANCELLOR

PROF. PETER M. WANDERI, Ph.D
Ag. Vice-Chancellor MKU

Iwish to confirm that the University Management shall remain committed in ensuring quality service delivery in the three core mandates of the University, namely, teaching, research and community service.

MKU is committed to transform learning and institutional communications driven by science and technological innovations. To this end, the institutional and academia-industry linkages and partnerships will remain a strategic enabler in achievement of her mission. MKU and Telkom Kenya partnership for instance, has opened a new frontier of affordable and quality teaching and learning. This provides a game-changing connectivity to the MKU students and staff that will enable them to connect to online learning/teaching portals and to access learning materials

online with ease and comfort owing to the subsidized or free access to MKU ODEL portals. This will unlock infinite possibilities in provision of solutions to access of higher education.

Indeed, successful completion of education by a student and ultimately getting to the point of graduation is a testimony of many hands that have commutatively and successfully worked together over time and space towards the same goal. From the parents / guardians to the University fraternity, including the development partners and the individual students, everyone has successfully played a great role in a well-coordinated team work leading us to assemble here to witness conferment of degrees and academic awards. I, therefore, thank all stakeholders who have contributed in different and significant ways. More significantly, I congratulate the founding Vice-Chancellor, Prof. Stanley W. Waudo, for his unique leadership that he provided at MKU since inception.

To this end, the institutional and academia-industry linkages and partnerships will remain a strategic enabler in achievement of her mission.

I congratulate the graduands and remind you that today marks the start of a new journey in your lives. I pray that God's most potent grace continues to guide you as you go forth and offer your skilled services to humanity.

I urge you to take full advantage of the opportunity availed to you by Mount Kenya University's Graduate Enterprise Academy for the training, mentorship and networking to be job-and-wealth-creators. Please visit the university website and apply to join the next cohort, free of charge.

Founding Vice-Chancellor MKU

I wish to congratulate all the graduands who are celebrating the fruits of their efforts today. It has taken your diligence, hard work, determination and support by staff and other stakeholders, culminating in the academic achievements we are celebrating today. I have the assurance that you are going to affirm to the world that indeed you have received quality training that will allow you to participate in nation-building and wealth-creation. Sharing my journey from establishment of the University through a Letter of Interim Authority in May 2008, attaining of the Charter as a fully-fledged University in 2011 and Post-Charter, I

The University has established various campuses and ODEL centres in the East African Region and has footprints in more than 40 countries through Digital Learning.

am delighted and that is why after 11 years at the helm of one of the country's leading private universities, I leave the University with my head held high to pursue other interests upon my retirement. I believe that my contribution to quality higher education has paid off. The University has witnessed major growth in student population which has risen from 2,000 to over 40,000, infrastructural development and improved quality of education. The University has established various campuses and ODEL centres in the East African Region and has footprints in more than 40 countries through its interactive Digital Learning. It has a total of 164 programmes which have been approved by the University Senate and Commission for University Education (CUE). This has been possible as the University has embraced her core values of Excellence, Integrity, Innovation and Unity of Purpose in achieving her mission. MKU has been keen on quality guidelines set out by various regulatory bodies and ISO 9001:2015 Quality Management System, and has a strong and robust institutional linkages with strategic partners, locally and globally.

MKU is well-grounded in terms of systems and structures for quality training. Kenyan university education has become very competitive but I am happy to say MKU has an edge and will remain competitive to meet the training, research and community requirements. Supported by the visionary leadership of the Board of Directors, University Council and dedicated staff, MKU is destined to grow to become a global Centre of Excellence. Live long MKU! I will forever be proud to be associated with this premier University.

Message From

THE VICE-CHANCELLOR DESIGNATE, MKU RWANDA

PROF. EDWIN ODHUNO, Ph.D
Vice-Chancellor, Designate MKU Rwanda

I am delighted to congratulate all the graduands of December 2019 class and note that we have 429 students who have studied in Mount Kenya University, Rwanda (MKUR) graduating today. This is indeed a testimony that Mount Kenya University is on a mission to internationalize higher education. This success has been supported by an enabling environment provided by the Government of the Republic of Rwanda.

MKUR has emerged with remarkable academic and infrastructural achievements. MKUR has implemented recommendations of the National Council of Nurses and Midwives of Rwanda making the Bachelor of Science in Nursing to be a flagship programme due to the quality of

teaching, infrastructure and dedicated qualified staff. As niche programmes, we intend to continue leveraging and supporting Nursing, Public Health, Medical Laboratory Sciences, Tourism and Hospitality and Journalism.

MKUR has procured state-of-the-art laboratory equipment worth over USD. 200,000 and library resources have been boosted significantly. Hospitality and Tourism department has been equipped with practical training resources.

Two senior staff, Dr. Erigene Rutayisire and Dr. Nicholas Ngomi from the Department of Public Health have won a very competitive research grant from Rwanda's National Council of Science and Technology (NCST). Their bid prevailed over other 90 proposals submitted which is an indicator of an intellectual powerhouse. Their proposal has received a grant of 48,675,000 Rwandan Francs (USD. 52,147) to investigate maternal characteristics, dietary patterns and association with clinical subtypes of preterm birth in Rwanda.

MKUR has embarked on Corporate Social Responsibility projects. This has made it possible to construct a classroom at Groupe Scolaire, Gahanga, Kicukiro District at a total cost of 14,067,750 Rwandan Francs (USD. 15,071). and is serving the largest number of students at the school. A donation of 26,850,000 Rwandan Francs (USD. 28,765) to Imbutu Foundation has supported hundreds of vulnerable secondary school students in Rwanda.

The University has attracted international students and over 400 regular students from over 15 countries have been enrolled. It will continue to unlock international opportunities and regional appeal as an international university. The office of International Students has been created to support these efforts.

We look forward to the new year with renewed vigor, optimism and desire for growth and excellence.

HIPPOCRATIC OATH - School of Clinical Medicine

I,.....

Reg. No. *swear to fulfill, to the best of my ability and judgement, this covenant:* I will respect the hard-won scientific gain of those physicians in whose steps I walk, and gladly share such knowledge as is mine with those who are to follow. I will apply, for the benefit of the sick, all measures that are required, avoiding those twin traps overtreatment and therapeutic nihilism. I will remember that there is art to medicine as well as science, and that warmth, sympathy and understanding may outweigh the surgeon's knife or the chemist's drug.

I will not be ashamed to say "I know not," nor will I fail to call in my colleagues when the skills of another are needed for a patient's recovery.

I will respect the privacy of my patients; their problems disclosed to me that the world may not know. Most especially must I tread with care in matters of life and death. If it is given to me to save a life, all thanks. But it may also be within my power to take a life: this awesome responsibility must be faced with great humbleness and awareness of my own frailty. "Above all, I must not play at God".

I will remember that I do not treat a fever chart, a cancerous growth, but a sick human being, whose illness may affect the person's family and economic stability. My responsibilities include these related problem, if I am to care adequately for the sick.

I will prevent disease whenever I can; bearing in mind prevention is preferable to cure.

I will remember that I remain a member of society, with special obligations to all my fellow human beings, those of sound mind and body as well as the infirm.

If I don't violate this oath, may I enjoy life, be respected while I live and remembered with affection thereafter. May I always act so as to preserve the finest traditions of my calling, and may I long to experience the joy of healing those who seek my help

So Help Me God!

SCHOLARSHIP AWARD: Dr. Peter Kirira, Principal, College of Graduate Studies and Research (5th Left) and other university staff joined by Mount Kenya University students who won internal scholarships (standing) pose for a group photo during the scholarship orientation meeting that was held at student centre. MKU foundation issued Tuition Scholarships worth 5 Million to 81 students this year.

MISSION

TO IDENTIFY, NURTURE AND MATURE YOUTHFUL GRADUATE ENTREPRENEURS ACROSS AFRICA.

Mount Kenya University’s Graduate Enterprise Academy (GEA) was instituted in 2013 as a community outreach platform whose activities are primarily geared towards youth empowerment and edification through entrepreneurial and leadership-oriented training. The impact of GEA has been phenomenal. This owes to two main reasons among others. These are the carefully selected and highly potent training which is blended from amongst relevant and renowned programs derived from across the globe and the fact that it is offered by a team of well-qualified and experienced practitioners and professors.

The GEA program at MKU has gone through progressive evolutionally changes since inception which have been informed by the community dynamics as well as viability options. So far, two cohorts have been commissioned whose beneficiaries are running their businesses as well as mentoring others across the country. As a business accelerator, GEA embraces the Public – Private Partnerships strategy to ensure a quad – helix model. Exhibitions, face-to-face and digital mentoring, networking and monitoring and evaluations are key hallmarks of the GEA’s strategic operations.
