To enrich our Library in MKU Rwanda, the University has purchased unique book collections worth 3 Million Kenya Shillings

The Board of Directors has taken cognizance of the need for continuous enhancement of welfare of students. To this end, Mount Kenya University and Kabusha Investment (PTY) Limited referred to as STAF AFRICAN, a South African based development company entered into an agreement to develop a three thousand (3000) beds hostel facility. The facility will be constructed in a 20 acres piece of land at Happy Valley. Also as an effort to address student accommodation needs, the University has expanded capacity for the existing hostels by converting an administration block to an executive hostels facility.

In addition to expanding hostel facilities, the University library has been extended to include an additional 300 sitting capacity with a dedicated postgraduate section with access to e-books and other online resources. We also launched a Postgraduate Centre in Nairobi Campus that has seminar rooms, a resource centre, consultation rooms, private study rooms and a video conferencing room/zoom room.

To enrich our Library in MKU Rwanda, the University has purchased vital book collections worth 3 Million Kenya Shillings.

The construction of University Convention Centre at Thika Campus is expected to be completed within the year, 2019 and will host conferences and seminars aimed at disseminating research findings.

Student sporting and recreation amenities have also been enhanced by having an ultra-modern basketball pitch with an anti-fatigue epoxy floor and a high roof to allow maximum ventilation and natural cooling and flood light.

The Board of Directors is committed to having similar facilities at all MKU Campuses.

MANAGING LIFESTYLE DISEASES SYMPOSIUM

Mount Kenya University held a symposium themed “**Cutting Edge Management of Lifestyle Diseases-Obesity**” at Laico Regency Hotel Nairobi on 6th July 2019.

The symposium brought together doctors and renowned specialists from MKU medical school, Nanavati Super specialty hospital (India), Makerere University (Uganda) and Kenyatta University, as facilitators. Specialists from local and international private and public hospitals attended the symposium. Live discussions were aired by local TVs led by TV 47 which the members of public followed.

The symposium’s objective was to share preventive and management strategies for the obesity epidemic. Overweight and obesity have affected more than a billion people and are risk factors for cardiovascular diseases.

According to Dr. Rosslyn Ngugi, diabetologist and Head of Department of internal medicine, lifestyle diseases such as obesity are caused by genes, dietary trends and habits, physical inactivity, socio-economic status and the built environment.

Dr. Jane Kamau delivered a nutritionist’s view and recommended healthy diet and portion controls and also a physical exercises expert’s view in which she emphasized on 30 minutes of exercise every day to maintain a healthy lifestyle.

Prof Jaydeep Palep, Director and Head, Department of Bariatric and Minimal Access Surgery at India’s Nanavati Super Specialty Hospital, said that treating obesity surgically reversed Type 2 diabetes in patients.

Dr Ronald Mbiine from Makerere University, a surgeon, said that cutting-edge surgery to reduce obesity is available in the region and patients have many options to choose from.

The University through its corporate social responsibility usually holds medical camps and sensitization fora.

IT’S A DEAL: MICROSOFT & MKU SIGN AGREEMENT

American technology giant to help transform learning at the Kenyan university.

Mount Kenya University (MKU) has signed an agreement with the American technology giant Microsoft Corporation, to transform teaching and learning at the institution.

To implement the agreement, MKU, through its Board of Directors, is investing Ksh300 million in relevant ICT infrastructure, software and faculty training over a three-year period, as well as providing other requisite resources.

MKU Council Vice-Chairman Dr Vincent Gaitho announced this during the signing ceremony at the university’s main campus in Thika town on May 16.

Explaining the essence of the Education Transformation Agreement (ETA), Microsoft Corporation’s Vice-President, Worldwide Education, Mr Anthony Salcito, said the most important use of ICT “is to improve education”. But he noted that “in many countries in the World, we have not yet seen digital transformation in education”.

MKU Vice-Chancellor Prof Stanley Waudo noted that ICT infrastructure is a game-changer in teaching and learning. He pointed out that MKU Open Distance and Electronic Learning (ODEL) programmes are supported by ICT infrastructure. So is the MKU Distance, Institution-Based and Electronic Learning (DIBeL) programme.

MKU has 6,027 students and 11,039 students in the ODEL and DIBeL programmes respectively.

The ETA training will confer benefits in three main areas. One is leadership & policy, essentially on managing change. Two is 21st Century Pedagogy, to enable technology integration into the curriculum. Three is Technology Design, meant to help create efficient and effective institutions.

Guest Speaker

DR. CHARLES M. MULLI
Founder and Chief Executive Officer, Mully Children's Family (MCF) and Guest Speaker During MKU's 16th Graduation Ceremony on 9th August 2019

Dr. Charles Mutua Mulli was born in 1949 in Kathithyamaa Village in Kangundo, Machakos, Kenya. Abandoned by his family at the age of six, he spent his adolescence begging on the streets. He attended Kyamulendu Primary School and Kathithyamaa Primary School, Machakos County. He completed his primary education in 1966 (at 17), and could not afford secondary education. He walked over 70 km in search of a job. His initial employment was at Kakuzi farm in Thika. His duties included tilling gardens, washing clothes, cooking in the kitchen, and other domestic chores. He rose to be a farm assistant at the Kakuzi Farm after one year. He met his wife Esther Nthenya while working

at the Farm. They got married on December 22, 1970, and were later blessed with eight biological children.

In 1970, he was employed by Strabag Road Construction. After saving money, he founded the Mullyways Agencies, a transportation business conglomerate in the 1970s with a net-worth of millions of shillings. He served as chairman of the boards for several national and international schools in Kenya between 1970 and 1991, which included Kessup Girls Schools, Kaptagat Preparatory School and Chebisaas High School.

In 1989, Mulli sold all his property and businesses, and dedicated the proceeds to helping street children through rescue, shelter, medical care, psychosocial support, and education under the name of Mully Children's Family (MCF). Currently, Mully Children's Family has over 3,000 children at 6 centers in Ndalani, Yatta, Kitale, Kilifi, Lodwar and Dar es Salaam in Tanzania. Since 1989, Charles and Esther Mulli have rescued and supported over 23,000 children/ families and MCF has gained international reputation as "the largest family on earth". He supports the neighbouring community with food and water. All MCF children have retained a special bond to "Daddy Mully" and "Mum Esther". The list of their children grows longer every day as he continues to be the caring "father to the fatherless".

More specifically, "Daddy Mully", **rescues** children from anywhere, including rejected teenage mothers and their offsprings, glue – sniffers, those who are addicted to hard-drugs, and so on; **rehabilitates** them; and **re-integrates** them into the community but only upon becoming fully safe and empowered citizens irrespective of the number of years taken to be nurtured. Thus, MCF adopts the "3Rs" (Rescue, Rehabilitate and Re-integrate) model of children rehabilitation. MCF is a globally renowned, self-sustained social enterprise.

Mulli has received numerous awards globally including two Honorary Doctorate Degrees from Kabarak University (Kenya) and McGill University (Canada). He has written 3 books and features in a 2016 movie, the *Mully*.

Unlocking Infinite Possibilities

Honouring our Nation...

THE NATIONAL ANTHEM

O God of all creation
Bless this our land and nation
Justice be our shield and defender
May we dwell in unity
Peace and liberty
Plenty be found within our borders.

Let one and all arise
With hearts both strong and true
Service be our earnest endeavour
And our homeland of Kenya
Heritage of splendour
Firm may we stand to defend.

Let all with one accord
In common bond united
Build this our nation together
And the glory of Kenya
The fruit of our labour
Fill every heart with thanksgiving.

MOUNT KENYA UNIVERSITY ANTHEM

*Inspired by modernity
Exuding great abilities
Mount Kenya University

STATE OF ART POSTGRADUATE CENTRE OPENS AT MKU NAIROBI CAMPUS

Mount Kenya University Nairobi campus opened a postgraduate centre to assist postgraduate students to conduct their learning and research. The facility has seminar rooms, a resource centre, consultation rooms, private study rooms and a video-conferencing room (zoom room).

The resource centre also incorporates a library with the latest editions of research textbooks and an e-learning section with statistical software to aid in data analysis. The resource centre has an originality-checker software that postgraduate students can use to check the originality of their work before submitting it for examination

MKU is continuously investing heavily in Teaching, Research, Innovation and Corporate Social Responsibilities.

UNESCO CHAIR AT MOUNT KENYA UNIVERSITY

United Nations
Educational, Scientific and
Cultural Organization

UNESCO/UNITWIN Chair on Digital Education,
Interdisciplinary Teaching and Sustainable
Development at Mount Kenya University

The UNESCO/UNITWIN Chair on “*Digital Education, Interdisciplinary Teaching and Sustainable Development*” at Mount Kenya University (MKU) was established in 2017 and was launched in 2019. The Chair is based at MKU’s Nakuru Campus where the Director, Prof. Joel Kiboss, seats and a Coordinator, Moses Nderitu, seats at the Main Campus, Thika.

Objectives of the UNESCO/UNITWIN Chair at MKU:

- Conduct research in the use of Information and Communication Technology (ICT) in higher education and in university teacher professional development
- Publish research results
- Organize training programmes in the field of ICT-based teaching and teacher professional development

Strategic activities of the UNESCO/UNITWIN Chair at MKU

1) Pedagogical Skills Training Programme

The pedagogical skills training programme is a key activity of this Chair at MKU initiated as a Community Outreach programme by MKU’s School of Education at Naivasha Maximum Security Prison. The partners in this programme are MKU, KNATCOM-UNESCO, Kenya Prisons Service, National Research Fund (NRF), Kipacha Technologies,

amongst others, and the list is steadily growing longer. The ultimate goal in this programme is to document on the “Effectiveness of offline Study Desk on Prison Education” whose funding by the National Research Fund (NRF) has been received.

2) Entrepreneurial Training to the In-Mates

The second programme by the Chair at Naivasha Maximum Prison is the entrepreneurial training to the in-mates who are about to leave the prison to give them a soft-landing upon release. This is undertaken through a partnership with MKU’s Graduate Enterprise Academy (GEA) and KNATCOM – UNESCO.

3) On-line Entrepreneurial Mentoring Platform

Besides the prison-based activities, MKU’s UNESCO – Chair in collaboration with the Graduate Enterprise Academy (GEA) are working on an on-line platform that will be used to offer entrepreneurial mentoring and networking to small and medium enterprises. The key target groups in this initiative are GEA beneficiaries as well as hundreds of youth who have so far gone through the German Leuphana University’s programme referred to as the Students Training on Entrepreneurial Promotion (STEP).

MKU RESEARCHER WINS INTERNATIONAL AWARDS

Donatus Njoroge, MKU lecturer and researcher, this year scooped many international awards.

He was named the overall winner of biologically-based pest control technologies during the first International conference on Agroecology Transforming Agriculture and Food systems in Africa held at Safari Park hotel in Nairobi.

Njoroge was competing against seventeen (17) other finalists drawn from different countries, including Kenya, Tanzania, Zambia, Cameroon, Benin, India, Italy, Japan and Turkey.

This came shortly after clinching the Global Innovation Through Science and Technology Initiative (GIST) Tech-I competition Startup Phase award by the U.S. State Departments at the Global Entrepreneurship Congress in Bahrain on 17th April, 2019.

His quest for using innovation to catalyse socio-economic change

has seen him appointed by PS, Ministry of Industry, Trade and Cooperatives as part of a hackathon team contributing to policy formulation for SMEs.

Most recently, Donatus was selected for the Moonshot House Fellowship sponsored by the Kravis Lab for Social Impact at Claremont McKenna College (CMC).

MKU TO PARTNER WITH UN VOLUNTEERS PROGRAMME TO DEPLOY STUDENT VOLUNTEERS

Mount Kenya University will partner with United Nations Volunteers programme to deploy student volunteers in UN system

The University is partnering with UNV to provide volunteering opportunities for its students within the UN system. The main goal of the partnership is to enhance the capacity and engagement of youth in development issues, as key actors of change.

‘I am delighted that this is my first visit to Kenya in my capacity as Executive Coordinator of UNV, where I am discussing strong and long-standing partnership between Kenya and UNV’, said Mr. Adam during his courtesy call to MKU Vice-Chancellor.

The Vice-Chancellor encouraged the students to join UN volunteers as a way of not only giving back to the community but also to gain practical knowledge and exposure. He urged students to offer their

services, skills and knowledge in fields which are related to their academic and professional programs. Volunteerism requires dedication, commitment and social behaviour change.

Mr. Olivier Adam, Executive Coordinator, UN Volunteers (UNV) programme shaking hands with Prof. Stanley Waudu, Vice-Chancellor, Mount Kenya University during a courtesy call to his office

THE PHARMACIST’S OATH

In acknowledgement of the ultimate destiny of mankind and in the presence of my teachers, my peers, my family and all other witnesses assembled here today

I,.....

solemnly pledge to devote myself to the well being of humanity and to the relief of suffering, which I now regard as my calling in life, to obey and maintain the ethical standards of Pharmacy,

to continuously renew, augment and improve my knowledge and expertise, in order to fulfill the obligations of a Pharmacist,

to uphold the profession of Pharmacy as the custodian of medicine and regard medicine as the instrument entrusted to me to protect and improve the quality of life,

not to divulge improperly any personal or confidential matter, directly or indirectly, confided to me by my patients or clients, even after their death,

that my primary goal will be the fulfillment of the demands of my profession and that neither personal gain nor quest for glory will take precedence in the execution of my duty,

to co-operate with other health care workers, if need be, to achieve my professional objective and the desired therapeutic outcome,

that I have taken this oath voluntarily, in full realization of the confidence and the responsibility placed upon me.

I now go forth to discharge my duties to the best of my ability and true to the dictates of my conscience.

So Help Me God!

HIPPOCRATIC OATH - MODERN VERSION

I swear to fulfil, to the best of my ability and judgment, this covenant:

I will respect the hard-won scientific gains of those physicians in whose steps I walk, and gladly share such knowledge as is mine with those who are to follow.

I will apply, for the benefit of the sick, all measures which are required, avoiding those twin traps of over-treatment and therapeutic nihilism.

I will remember that there is art to medicine as well as science, and that warmth, sympathy, and understanding may outweigh the surgeon’s knife or the chemist’s drug.

I will not be ashamed to say “*I know not*” nor will I fail to call in my colleagues when the skills of another are needed for a patient’s recovery.

I will respect the privacy of my patients, for their problems are not disclosed to me that the world may know. Most especially must I tread with care in matters of life and death.

If it is given me to save a life, all thanks. But it may also be within my power to take a life; this awesome responsibility must be faced with great humbleness and awareness of my own frailty. Above all, I must not play at God.

I will remember that I do not treat a fever chart, a cancerous’ growth, but a sick human being, whose illness may affect the person’s family and economic stability. My responsibility includes these related problems, if I am to care adequately for the sick.

I will prevent disease whenever I can, for prevention is preferable to cure.

I will remember that I remain a member of society, with special obligations to all my fellow human beings, those sound of mind and body as well as the infirm.

If I do not violate this oath, may I enjoy life and art, respected while I live and remembered with affection thereafter. May I always act so as to preserve the finest traditions of my calling and may I long experience the joy of healing those who seek my help.

THE VETERINARY PARAPROFESSIONAL'S OATH

I

being admitted as a veterinary Para-Professional, solemnly swear/affirm that I shall dedicate myself to aiding society by providing excellent care and services for animals to alleviate animal suffering, and to promoting public health.

I accept my obligation to practise my profession conscientiously and with sensitivity, adhering to the profession's Code of Ethics, and furthering my knowledge and competence through a commitment to lifelong learning.

So Help Me God!

NIGHTINGALE PLEDGE

I solemnly pledge myself before God and in the presence of this assembly to practice my profession faithfully.

I shall abstain from whatever is deleterious and mischievous, and shall not take or knowingly administer any harmful drug.

I shall do all in my power to maintain and elevate the standard of my profession and will hold in confidence all personal matters committed to my keeping and all family affairs coming to my knowledge in the practice of my calling.

I shall not permit consideration of religion, nationality, race or social standing to intervene between my duty and my patient.

I shall be loyal to my work and devoted towards the welfare of those committed to my care.

So Help Me God!

MISSION

TO IDENTIFY, NURTURE AND MATURE YOUTHFUL GRADUATE ENTREPRENEURS ACROSS AFRICA.

Mount Kenya University's Graduate Enterprise Academy (GEA) was instituted in 2013 as a community outreach platform whose activities are primarily geared towards youth empowerment and edification through entrepreneurial and leadership oriented training. The impact of GEA has been phenomenal. This owes to two main reasons among others; namely, one, the carefully selected and highly potent training which is blended from amongst relevant and renowned programs derived from across the globe; and two, the fact that it is offered by a team of well qualified and experienced practitioners and professors.

The GEA program at MKU has gone through progressive evolutionally changes since inception which have been informed by the community dynamics as well as viability options. So far, two cohorts have been commissioned whose beneficiaries are running their businesses as well as mentoring others across the country. As a business accelerator, GEA embraces the Public – Private Partnerships strategy to ensure a quad – helix model. Exhibitions, face-to-face and digital mentoring, networking and monitoring and evaluations are key hallmarks of the GEA's strategic operations.
