ABSTRACT

The study investigated challenges faced by head teachers in the management of remedial teaching in public schools in Kiambu municipality, Kiambu County. The study focused on the government legislation, over loaded curriculum, inadequate personnel and lack of facilities as challenges in managing remedial teaching. The study was limited to the head teachers, teachers, parents and pupils of public primary schools in Kiambu Municipality. The study used descriptive survey sign to determine the challenges faced by head teachers in managing remedial teaching. The site of the study was in Kiambu municipality, Kiambu County. It was carried out in six public primary schools. The target population of the study was 120 respondents, who consisted of head teachers, teachers, pupils and parents of public primary schools in Kiambu Municipality division.

Stratified random sampling was adopted to give the appropriate and representative sample for each section. The researcher used questionnaire, interviews schedule and to collect the data from all the respondents in the sample size. The questionnaire had structured and unstructured questions. After the collection of data, the researcher scrutinized the instruments for completeness, accuracy and uniformity. The researcher then established the reliability of the instruments .The results were presented using pie charts and frequency tables.

The study is divided into five chapters. Chapter one provides the preliminary information, chapter two carries the literature review and theoretical framework, chapter three the methodology used in the study, chapter four analysis of data and presentation of findings and finally chapter five a summary of the findings and conclusion.
