HOME OF THE UNTOLD STORIES

Magnificent Alumni plaza, Thika.  
Continuous improvement in service delivery.

University Chancellor Prof. John Struthers awarding the Doctor of Humane Letters (*Honoris Causa*) to Mr. Daniel M. Yumbya MBS, EBS during the 21st Graduation Ceremony.

# Mount Kenya University

## VISION

To be a Global Hub of Excellence in Education, Research and Innovation

## MISSION

To Provide World-Class Education, Research and Innovation for Global Transformation and Sustainable Development

## PHILOSOPHY

To harness knowledge in applied Sciences and Technology for the service of humanity

## CORE VALUES

Innovation • Equity • Integrity • Academic Freedom • Competitiveness

## ACADEMIC CHARACTER

With an emphasis on science, technology and humanities, Mount Kenya University offers an all-rounded education including moral and professional education to all persons irrespective of religion, race, gender or political affiliation, social or cultural background. It endeavours to develop well-trained manpower equipped with technological scientific knowledge and capacities from certificate, diploma, undergraduate and postgraduate degree courses.

**UNLOCKING INFINITE POSSIBILITIES**

*MKU Co-founder Dr. Jane Nyutu; Chancellor Prof. John Struthers; Vice-Chancellor Prof. Deogratius Jaganyi; University Council; Members of staff and graduands during the 21st graduation ceremony held in July. They released doves and balloons to represent their hope and prayer for peace among Kenyans ahead of August 9th elections.*

## SECRETARY GENERAL, EAST AFRICAN COMMUNITY

**HON. DR. PETER MATHUKI**  
Secretary General,  
East African Community

**I**t is with great pleasure and honour that I join you at this momentous occasion of the 22<sup>nd</sup> Graduation Ceremony of Mount Kenya University under the theme of **“Higher Education as a Factor for Reduced Inequalities.”**

Looking through the events that are taking place across the world today, glaring inequalities are so evident. Universities are called to contribute towards ending these inequalities through their triple-mandate of teaching, research and community engagement. More specifically, every university must contribute towards creation of awareness of the 17 Sustainable Development Goals (SDGs) 2030 and ensure all university activities are directed towards the achievement of the SDGs. I congratulate Mount

Kenya University on having been bestowed upon the responsibility of serving as the United Nations Academic Impact (UNAI) Hub for SDG No. 10 on Reduced Inequalities. This is an achievement which comes with a lot of responsibilities and expectations on what the university ought to institutionalize to succeed in this mandate.

Mount Kenya University has implemented programmes that support the SDGs 2030 and in so doing, contributes towards ending inequalities through capacity-building in health sciences, in education, ICT, engineering and energy production, gender and persons living with disabilities, among others.

The same is happening in many other universities and this is a commendable effort. However, in order to excel in this mandate of contributing towards reduced inequalities, universities need to establish strategic platforms and facilities such as innovation and incubation hubs, entrepreneurial promotion forums, dedicated university-based foundations, and research-driven community-based engagements. This will require strategic resource mobilization to support nurturing of innovations

---

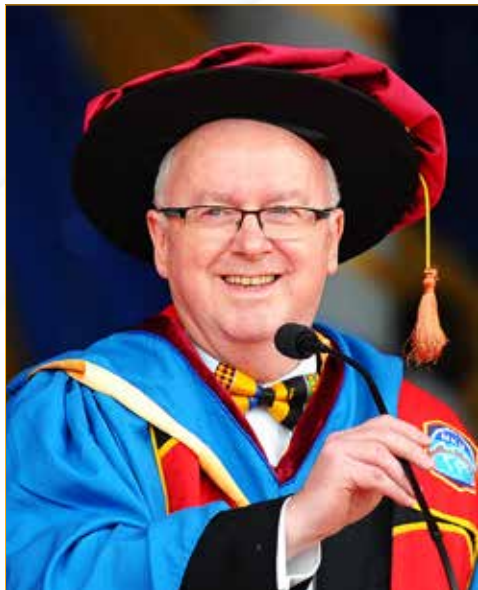

*I congratulate Mount Kenya University on having been bestowed upon the responsibility of serving as the United Nations Academic Impact (UNAI) Hub for SDG No. 10 on Reduced Inequalities.*

---

to patents and their subsequent commercialization. Universities should support the entrepreneurial growth of students, staff and the communities. University-based Foundations, if fully utilized, would fund numerous university activities and especially those that are directed towards community empowerment and research and hence lead to reduction of inequalities. Engagement with like-minded organizations and professionals in resource mobilization at the university foundations needs to be emphasized with a view to contributing towards the achievement of the 17 SDGs 2030.

Finally, I wish all the Mount Kenya University’s December 2022 graduands, I wish you success in your life endeavors as you join your Alma Mater in contributing towards reduced inequalities within your communities.

# Message From THE CHANCELLOR

**PROF. JOHN J.M. STRUTHERS,  
MA (Hons), MPhil, FRSA, FHEAS**  
Chancellor, MKU

I take great pleasure in joining the University Management, staff, parents, guardians, students, and other stakeholders in congratulating the graduands for completing their studies whose outcome we are witnessing today. To every graduand, this is a milestone in your life's journey and one that you will remember for the rest of your life. I know that your family and communities have sacrificed much to support you in your studies, and they will be celebrating today along with you. As the Chancellor, I salute you all for a job well done. **Hongera!**

As we are aware, the 22<sup>nd</sup> Graduation Ceremony of Mount Kenya University has come at a time when the world has almost gone back to the life that we were used to before the onset of the COVID-19

Pandemic. The experiences of the last 2 years have taught us much about resilience, hope and determination.

Despite the major challenges of the pandemic, Mount Kenya University has continued to establish strategic partnerships at national, continental and global levels. These include the Erasmus – sponsored partnership with the University of Estonia in Europe, as well as the multi – institutional consortium that includes Nottingham Trent University in the UK, Makerere University in Uganda, University of Malawi, Jomo Kenyatta University of Agriculture and Technology, Kenyatta University, and Rongo University. These partnerships have enabled cross border bench-marking, staff exchanges and joint research. Similarly, there is a new partnership with the University of Kwa Zulu Natal in South Africa which focuses on capacity-building and multi-disciplinary research.

---

*Despite the major challenges of the pandemic, Mount Kenya University has continued to establish strategic partnerships at national, continental and global levels.*

---

At another level, under the United Nations Academic Impact (UNAI) SDG10 Hub on Reduced Inequalities, Mount Kenya University has collaborated with various professionals and institutions to participate in diverse ways during three International Days. For example, in collaboration with the Kenya National Library Services (Thika Branch), the International Day of Sign Languages was marked on 23<sup>rd</sup> September 2022 with a combined face-to-face and online presentation with participants from different parts of Africa. The International Day of Tolerance was also marked on the 16<sup>th</sup> of November, 2022 via a purely online (webinar) platform. The University also marked the International Day of Persons with Disabilities (IDPD) on 3<sup>rd</sup> December 2022.

***Finally, I wish you a Merry Christmas and a Prosperous New Year - 2023.***

# Message From

## THE CHAIRMAN, UNIVERSITY COUNCIL

**PROF. DAVID T. K. SEREM, PhD**  
Chairman, University Council, MKU

**I**t is my honour and privilege to welcome you to the 22nd graduation ceremony of Mount Kenya University and congratulate all the graduands.

The University Council appreciates the support and esteemed assurance from the Board of Directors, University Management Board, Senate and all the staff who have collectively made it possible for the graduands to achieve the success we are celebrating today. On behalf of the Council, I wish to commend the Government of the Republic of Kenya and other government agencies for creating the enabling environment for Higher Education Institutions in Kenya.

### **Establishment of Graduate Enterprise Centre for Career Enhancement and Skills Support**

The Council has approved the establishment of Graduate Enterprise Centre for Career Enhancement and

Skills Support. The Centre is a measure adopted by MKU under the African Centre for Career Enhancement and Skill Support (ACCESS) 2020-2025 project, which is funded by DAAD, Germany and is a consortium of six partner universities in Africa. MKU, under the University-Business Linkages pillar, is implementing Service-Learning that will enhance employability and wealth creation of the graduates in both formal and self-employment.

### **Objectives of Graduate Enterprise Centre for Career Enhancement and Skills Support are:**

- i. To coordinate and establish partnerships/networks on service-learning activities among MKU faculties and industry/communities.
- ii. To spearhead fundraising initiatives to support service-learning activities and promote its sustainability in collaboration with the MKU Foundation.
- iii. To organize service-learning academic challenges among graduate students at MKU.
- iv. To promote entrepreneurial idea incubation in collaboration with industry and alumni mentors.
- v. To spearhead grant-writing activities that support incubation programmes and skill transfer.
- vi. Explore and organize national and international exchange programmes that support service-learning initiatives.
- vii. To organize boot camps that support service-learning and business incubation programmes.

### **Employability of MKU graduates**

The Council will give unequivocal support to University Management to ensure the graduates are absorbed in the labour market and also become job creators through imparting entrepreneurial skills and other life-skills to all our students before they graduate.

### **Quality and committed staff**

The University Council will ensure that the university operates at optimal level of staffing and will endeavour to ensure employees' satisfaction is achieved. This will increase productivity of the staff, improve service delivery and improve business performance. The council will continue to encourage feedback systems to capture insights that will improve decision-making in all university processes to transform both internal and external customer experience.

**MERRY CHRISTMAS FULL OF GOD'S BLESSINGS.**

# Message From

## THE VICE-CHANCELLOR

**PROF. DEOGRATIUS JAGANYI,**  
**PhD, MSc, DIC, MRSC**  
Vice-Chancellor, MKU

I am delighted to welcome you all to the 22<sup>nd</sup> Graduation ceremony of Mount Kenya University (MKU). I congratulate all the graduands for completing their studies successfully. Today we celebrate the academic achievements of 4,500. I acknowledge with gratitude the support accorded to the graduands by all stakeholders during their studies.

### Student Enrolment

The University has remained resilient and has continued to strive in enrolling students in the various academic programmes. In the September- December 2022 semester, we registered 47,792 students. This is a testimony that MKU remains a preferred destination for both local and international students.

### Student Activities

The University has continued to support various students' co-curricular activities. This creates a platform to produce an all-round graduate. In support of this, the students participated in National Music Festivals in September 2022 where they won 9 trophies, including the President's Award- Kenya trophy.

### Academic Programmes

The University Senate has approved two new programmes; Master of Science in Crop Protection and Photo-sanitary Science, Diploma in Animal Health and Production (upgrading) and revised the curriculum for Bachelor of Science in Animal Science. Additionally, the University has reviewed common units to align them with the University mission and strategy with the aim of meeting market needs and to make MKU graduate competitive in the job market. They will be mounted in the new year.

### Research

The University has acquired multi-million-shilling state-of-the-art equipment for research that has positioned the University as one of the best and well-equipped academic and research institution in East Africa. Due to this, the University has opened its doors to all members of the research community in Kenya to access and utilize its modern research facilities. The University is also running a multi-disciplinary concept research among faculty members through the Vice-Chancellor's Seed Grant.

As part of innovative solutions, the University is currently supporting 20 incubates for a 6-month training up to February 2023 in the MKU Research and Innovation Hub. The University secured sponsorship from the British Council to support 3 top innovators at the hub and one member of staff during the Kenya Innovation Week 2022.

### Centre of Excellence in Animal Health, Agriculture and Education Science

Nakuru Campus has been fully developed as a Centre of Excellence in Animal Health, Agriculture and Education Science. This is an initiative that resulted in increase in student enrolment, increase in programmes and expansion of academic & research resources, sport facilities and student residences. The Campus recently received best training and research equipment to support training in the specialized programmes.

### Regular Institutional Audit by Commission for University Education (CUE)

MKU underwent a successful regular institutional quality audit by CUE in November, 2022. The exit audit report revealed numerous broad-spectrum strengths and best practices that the University has put in place to ensure compliance with regulatory and statutory requirements.

### Quality Assurance

In pursuit of the University, commitment to ensure compliance and implementation of a Quality Management System based on ISO 9001:2015, the internal auditors across all the campuses were retooled. This is in the effort of improving and perfecting monitoring systems in the University.

**THANK YOU.**

# Message From

## THE VICE-CHANCELLOR DESIGNATE, MKU RWANDA

**PROF. EDWIN ODHUNO, PhD**  
Vice-Chancellor Designate, MKU Rwanda

The 22<sup>nd</sup> Graduation ceremony on 9<sup>th</sup> December 2022 comes at an interesting time for Mount Kenya University Rwanda (MKUR). The campus is busy reviewing its past as it seeks to chart its future.

MKUR during its 12 years in existence in Rwanda, has focused on continuous improvement, thereby building a distinguishable academic character.

Notably, the campus recruits only faculty of the right caliber. The reason is simple: You cannot attain academic excellence unless you have qualified, well-trained instructors who can guarantee you that.

I am delighted to report that we have sustained that culture. The campus has reinforced the hiring of holders of Doctorates to train our Nursing, Public Health, ICT, Business and Education students.

We continue to add more PhD holders to our ranks. Most recently, two of them joined the School of Computing and Informatics. We believe, having graduated from prestigious institutions abroad, they will be resourceful in the development of post-graduate studies in Information and Communications Technology.

We have carefully assessed higher education trends and concluded that, going forward, MKUR needs to identify and focus on niche programmes in great demand in Rwanda. We know that we can secure MKUR's future by discerning labour market trends and acting appropriately. We believe we are on the right path.

On this journey, MKUR intends to work closely and collaborate with key higher education stakeholders. Such stakeholders include the Ministry of Education, and the Higher Education Council (HEC). We must appreciate that HEC plays the fundamental oversight and advisory role in the sector.

Likewise, the National Council of Nursing and Midwifery (NKNM) of Rwanda continues to engage the campus on matters related to the teaching and assessment of Nursing students.

The campus recently procured additional training equipment for the department. We brought in an Advanced Delivery and Maternal/Neonatal Emergency Simulator, Blood Simulation in Amputation and Haemostasis Model, High Quality Nurse Training Doll, CPR Mannequin with Electronic Feedback System, Human Trachea Incubation Model, among others.

Working with the two regulatory bodies, the campus plans to roll out a Master of Science in Nursing programme by September 2023. The planned programme is further testimony that MKUR continues to respond to the labour market needs.

Our graduates are highly employable and hold senior positions in Government. Others are excelling in the private sector, as employed or self-employed people. I encourage the Class of December 2022 to follow in the footsteps of our notable alumni.

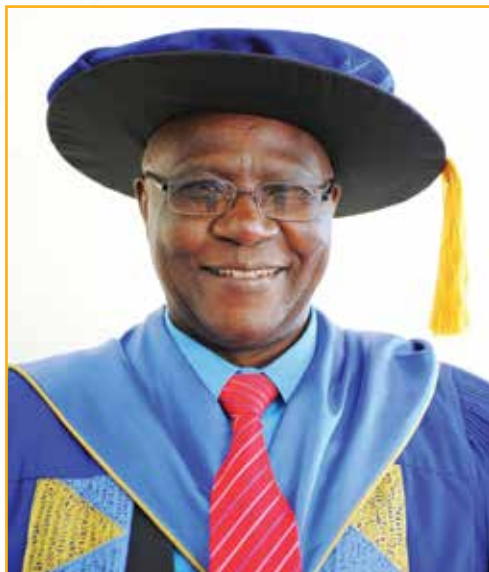

We are extremely happy that MKUR has successful alumni who are an inspiration to us all as they reflect the academic character of this great institution.

***Once again, congratulations to all graduands.***

## MOUNT KENYA UNIVERSITY ANTHEM

*Inspired by modernity  
Exuding great abilities  
Mount Kenya University  
Unlocking infinite possibilities.*

We gather on your slopes to build our capabilities  
And stand at the peak to view our opportunities  
With joy and pride we hail your credibility  
Transforming our world with stunning versatility

United we strive to serve the great humanity  
With passion and hope; excellence and integrity  
We trust in God for wisdom and prosperity  
Achieving our goals in science and technology.

## THE EAST AFRICAN COMMUNITY ANTHEM

Ee Mungu twaomba uilinde  
Jumuiya Afrika Mashariki  
Tuwezeshe kuishi kwa amani  
Tutimize na malengo yetu.

*Jumuiya Yetu sote tuilinde  
Tuwajibike tuimarike  
Umoja wetu ni nguzo yetu  
Idumu Jumuiya yetu.*

Uzalendo pia mshikamano  
Viwe msingi wa Umoja wetu  
Na tulinde Uhuru na Amani  
Mila zetu na desturi zetu.

Viwandani na hata mashambani  
Tufanye kazi sote kwa makini  
Tujitoe kwa hali na mali  
Tuijenge Jumuiya bora.

## THE KENYA NATIONAL ANTHEM

O God of all creation  
Bless this our land and nation  
Justice be our shield and defender  
May we dwell in unity  
Peace and liberty  
Plenty be found within our borders.

Let one and all arise  
With hearts both strong and true  
Service be our earnest endeavour  
And our homeland of Kenya  
Heritage of splendour  
Firm may we stand to defend.

Let all with one accord  
In common bond united  
Build this our nation together  
And the glory of Kenya  
The fruit of our labour  
Fill every heart with thanksgiving.

*Bob Muhati (with the rugby ball) MKU student in action during past matches, Currently he has been named in the Kenya 7's squad for 22/23 season. Bob was the former captain MKU Titans rugby team.*

## THE PHARMACIST'S OATH

I,.....

Reg. No. .... Do hereby swear that:

- I will practise my profession of pharmacy with conscience to uphold its dignity and honour; holding myself and my colleagues to the highest principles of our profession's moral, ethical and legal conduct.
- I will actively search for and disseminate new skills and knowledge of the profession and related disciplines; accepting the lifelong obligation to improve my professional knowledge and competence.
- I will use my knowledge, experience and skills to the best of my ability to ensure optimal outcomes for the patients and to relieve human suffering in sickness and illness while maintaining the welfare of Humanity.
- I will consult, co-operate with, and seek counsel from fellow Pharmacists and other health Professionals.
- I will practise the profession without prejudice while embracing and advocating changes that improve patient care.
- I will not distribute or promote the use of substances in a manner that is harmful to humanity.
- I will abide by the rules and regulations governing the practice of pharmacy including the objectives of the Code of Ethics of Pharmacy Practice in Kenya and pledge to assist in their enforcement and promotion.
- I will respect and protect all personal and health information, keeping all secrets I learn and as entrusted to me in the course of my professional duties.
- I make these solemn promises freely and upon my honour with the full realization of the responsibility with which I am entrusted by the public and society.

**So Help Me God!**

## HIPPOCRATIC OATH - School of Clinical Medicine

I,.....

Reg. No. .... swear to fulfill, to the best of my ability and judgement, this covenant: I will respect the hard-won scientific gain of those physicians in whose steps I walk, and gladly share such knowledge as is mine with those who are to follow. I will apply, for the benefit of the sick, all measures that are required, avoiding those twin traps overtreatment and therapeutic nihilism. I will remember that there is art to medicine as well as science, and that warmth, sympathy and understanding may outweigh the surgeon's knife or the chemist's drug.

I will not be ashamed to say "I know not," nor will I fail to call in my colleagues when the skills of another are needed for a patient's recovery.

I will respect the privacy of my patients; their problems disclosed to me that the world may not know. Most especially must I tread with care in matters of life and death. If it is given to me to save a life, all thanks. But it may also be within my power to take a life: this awesome responsibility must be faced with great humbleness and awareness of my own frailty. "Above all, I must not play at God".

I will remember that I do not treat a fever chart, a cancerous growth, but a sick human being, whose illness may affect the person's family and economic stability. My responsibilities include these related problem, if I am to care adequately for the sick.

I will prevent disease whenever I can; bearing in mind prevention is preferable to cure.

I will remember that I remain a member of society, with special obligations to all my fellow human beings, those of sound mind and body as well as the infirm.

If I don't violate this oath, may I enjoy life, be respected while I live and remembered with affection thereafter. May I always act so as to preserve the finest traditions of my calling, and may I long to experience the joy of healing those who seek my help

**So Help Me God!**

## THE VETERINARY PARAPROFESSIONAL'S OATH

I .....,  
being admitted as a Veterinary Para- professional, solemnly swear/affirm that I shall dedicate myself to aiding society, by providing excellent care and services for animals, to alleviate animal suffering, and to promoting public health.

I accept my obligation to practise my profession conscientiously and with sensitivity, adhering to the profession's Code of Ethics, and furthering my knowledge and competence through a commitment to lifelong learning.

**So Help Me God!**

## NIGHTINGALE PLEDGE - School of Nursing

I \_\_\_\_\_ Reg. No. \_\_\_\_\_  
solemnly pledge myself before God and in the presence of this assembly to practise my profession faithfully.

I shall abstain from whatever is deleterious and mischievous, and shall not take or knowingly administer any harmful drug.

I shall do all in my power to maintain and elevate the standard of my profession and will hold in confidence all personal matters committed to my keeping and all family affairs coming to my knowledge in the practice of my calling.

I shall not permit consideration of religion, nationality, race or social standing to intervene between my duty and my patient.

I shall be loyal to my work and devoted towards the welfare of those committed to my care.

**So Help Me God!**

## VARSITY SOCIAL SCIENTISTS RISE BEYOND THE TRADITIONAL AND CONTEMPORARY VIEW OF DISABILITY

**D**isability can occur in various ways. It can be because of congenital defects before or during birth, while acquired disability can happen at any stage of someone's life. Human life is surrounded by constant danger meaning we are disability candidates. These facts are stubborn and painful but that is the nature of realities to humans and they mostly do not conform to human expectations. Knowledge about disability implore our rationality to open our minds to what is really beyond our control than to succumb to our irrational emotions. "A person with any disability is entitled to be treated with dignity and respect and be addressed and referred to in a manner that is not demeaning." This is the opening statement among others in article 54 of Kenya's Supreme Law - the Constitution 2010. Today, apart from this constitutional birthright to any person living with a disability, two university dons have taken upon themselves to fulfil some of the obligations stipulated therein.

One might point out they are inspired by motherly instincts, level of education or their stellar careers in respective fields, which have motivated them on the need to educate society on why people are equal regardless of our general opinions. Whatever their motivations are, the best impression is on this work Mount Kenya University dons are doing..

Many African societies have associated disability with a bad omen and linked such families to witchcraft and sorcery. Some societies have crowned upon themselves as the prosecutors, persecutors and punishers of whom they deem unfit to survive due to their creative diversity. The right to life, in all spiritual realms, is divine and that should be left to the Higher power to decide. Discrimination and ex-communication from societal organs and threat to life yield anguish, self-pity and feeling of disempowerment. Families who have members with special needs feel betrayed by the very people they wish would help. Society should not exist to judge and punish but to enhance social interaction and development

Dr Jane Nyutu, Director of Mind and Beyond Counselling Centre, observes that this feeling of being a burden to the society might throw victims into depressive and suicidal thoughts and if not addressed, the victims might actualize. Dr Jane adds, "Societal support and family love are vital to everyone's identity." She extends that, "support to people living with a disability is also vital in enhancing their self-acceptance. These basics will go a long way in helping them rise beyond disability."

Traditional beliefs about disability were anchored on being disabled. The PWDs were viewed as less able to achieve their potential nor could they possess any ability to build

*Dr. Jane Nyutu, Co-founder & Director of Mind and Beyond Counselling Centre (right) and Dr. Serah Kimaru, Dean of Social Sciences and the Coordinator of PWDs union Mount Kenya University during a recent TV47 interview session.*

meaningful relationships in society. This traditional view of PWDs still exists, with PWDs still seen as less important and as people who cannot play an active role in their surroundings.

Dr. Serah Kimaru, Dean of Social Sciences and the Coordinator of PWDs union at the University, observes that society is responsible for disabling people living with a disability. “People with disability are not disabled; it is the society that is disabled and in the process disabling them.” Says Dr. Serah. “PWDs should be given opportunities to maximize on their ability,” she adds, “We need to stop concentrating on one’s disability. Let us focus on the worth and values they have.” Indeed physical or internal challenges that PWDs may experience do not make them lesser beings or less productive in society.

In the TV47’s Saturday evening programme christened ***Beyond the Limit***, these social scientists raise pertinent issues that society has ignored for a long time, which we do not have an alternative but to engage. Different experiences highlighted by the Show’s guests throw one into a volley of thoughts especially on the value for humanity, and what it can cost to understand that people are abled differently. Through these dons’ professional guidance, society gets an opportunity to learn ways in which they can help to fight prejudices and bad attitudes that can disable the dreams of PWDs.

Dr. Serah and Dr. Jane are in agreement that helping persons with disability should not be limited to monetary support. The dons’ advocacy against systematic exclusion for giving equal opportunities and enhanced independence are some of the

social constructs that we can deconstruct through simple means. Kindness is a gesture that we can all afford. People need help at some point if not always in their lives. Society can no longer afford to treat PWDs with contempt like they belong to the streets; they are not born to be beggars.

The government and individuals also have a responsibility to meet the needs of every citizen ensuring easy access to public spaces, businesses and building equal employment opportunities where everybody has a chance to reach their full potential. Collectively, society should demystify myths,

attitudes and perceptions to improve human experience of everyone and cause everyone to feel a sense of belonging. By doing this the spirit of our constitution will have more meaning to the entire society.

We can have more success stories such as that of Jessica Cox, the first armless licenced pilot in the world, a Taekwondo black belt holder, pianist, a successful scuba diver, wife and a mother. Jessica lives a life we can all admire. Hers is a clear picture of what according everyone an opportunity can achieve.

# Reducing Inequalities

## INCREASE AWARENESS ON DYSLEXIA TO STOP STIGMA

*Phyllis Munyi, Director Rare Gem Talent Primary School, in Kitengela, Kajiado County, (right), Mount Kenya University Vice-Chancellor, Prof. Deogratius Jaganyi, (second right) KICC Director Nana Gichaga, CEO Music Copyright, Dr. Ezekiel Mutua, Dyslexia Organization Founder Nancy Muringo and Nairobi Securities Exchange Geoffrey Odundo (left) during Dyslexia Light It Up gala dinner held in Nairobi. The Dyslexia Light It Up is a global campaign aimed at changing the narrative for people living with dyslexia and low literacy.*

**M**ount Kenya University has called for increasing awareness of the dyslexia condition, noting that while there are many people in the country living with the condition, they can still become a success in life.

The University which has been running a campaign for reducing social inequalities. Limited awareness of the condition affects the confidence of many children and young adults. Eroded confidence results in many not being able to exploit their talents. Experience shows that dyslectic people can excel across different fields.

“It is key to note that people with dyslexia, more so learners, continue to experience teasing, bullying and feelings of exclusion. “I am happy

to note that there is progress in integrating learners with reading difficulties in higher education where for instance at Mount Kenya University, we have come up with policies and regulations to support inclusion,” said Prof. Deogratius Jaganyi Vice Chancellor, Mount Kenya University (MKU).

He spoke at a forum aimed at increasing awareness of the condition organized by the Dyslexia Organisation of Kenya. October is the Global Dyslexia awareness month.

Dyslexia is a learning disorder where learners have difficulties identifying sounds and relating them to words and letters as well as doing what to others might sometimes be mundane tasks.

This in turns results in learners experiencing challenges such as misspelling or mispronouncing words, difficulties in telling the difference between left and right or up and down.

Experts estimate that only five per cent of dyslexics are diagnosed, largely due to lack of knowledge of the condition and the stigma associated with dyslexia.

“There is still some more effort required before we consider ourselves as having succeeded in the war against discriminating practices targeting members with reading difficulties within the society,” said the VC, adding that more forums bringing together like-minded people and organizations would expand the society’s understanding of dyslexia, including its causes and how to help people living with it overcome the challenges that they face.

Prof. Jaganyi added that MKU has made efforts in ensuring that people with learning difficulties including dyslexic students are given an opportunity to excel in both academia and other areas where they might be talented.

The University has been designated as a United Nations hub for reducing inequalities.

“MKU is the United Nations Academic Impact Hub for Sustainable Development Goal No. 10 on Reduced Inequalities. Dyslexia may, and indeed, does bring about a notable element

of inequality among some of the members of the society. Living with a reading disability occasioned by a discord between speech, sound letters, and words indeed affects self-esteem and self-confidence of all people across the spectrum,” he said.

“MKU and other partners will play a supportive role in reducing the negative effects of dyslexia by providing learner-friendly services. The initiatives may include teaching decoding skills using decodable reading materials, using innovative multisensory methods and assistive technology to teach individuals with dyslexia.”

He added that different players partnering to destigmatize challenges such as dyslexia could change the perception in communities and create positive awareness without distorting facts.

Phyllis Munyi, the Director of Dyslexia Organization of Kenya noted that the stigma is a major concern in the country not just for the children but their parents.

“We do assessments, train teachers and also have a school and parents’ support group,” said Munyi. The organisation runs the Rare Gem Talent School in Kitengela that caters for dyslectic children as well as other children with other learning difficulties.

“Most of the children identified with this learning difficulty, have been moved by their parents from one school to another, to the point of becoming desperate and frustrated. We bring them together for emotional support.”

Teachers play a critical role in identifying students with learning difficulties, as most children who

have been identified as dyslectic has been in school environment.

Nana Gichaga narrated to the participants of the forum how she overcame dyslexia to becoming the Chief Executive Officer of the Kenyatta International Convention Centre (KICC). The condition had in her formative years bogged her down but she told the audience that with help, she was able to overcome, she was able to make a living from marketing, an area that requires a lot of public speaking and making presentations in front of big audiences including investors.

“Whatever it is we do in life, we will face challenges. We will have physical, silent disabilities but if you choose to make that an excuse you are not living your full life there are no re-takes, whether you have dyslexia, or diabetes or any other condition, make your life on this earth count. Celebrate your success, only you have to race with yourself,” she said

When diagnosed early, children with dyslexia tend to overcome the challenges in learning.

“People we may have met and had the condition but we never knew it then. When I was in school, there were students who would struggle in class and may have had the condition but it was never diagnosed,” said Geoffrey Odundo. Chief Executive Officer Nairobi Securities Exchange (NSE). He added that increased awareness of the condition would ease life for many people living with the condition. He added that NSE, together with other players, would support people with dyslexia.

“Children have unique talents. The way the world is going, it is looking for disruption and so we should encourage talent when we see it.”

Mount Kenya University Vice Chancellor, Prof. Deogratius Jaganyi, (left) with KICC Director Nana Gichaga, during Dyslexia Light It Up gala dinner held in Nairobi.

# Infrastructural Boost

## MKU INVESTS MILLIONS TO BOOST MEDIA AND FILM TRAINING

**M**ount Kenya University Board Chairman Prof. Simon Gicharu today handed over media equipment to boost training at the institution.

In an event held at the University's main campus in Thika, Prof. Gicharu called on media and film students to utilize the new technology to build capacity in their pursuit of professional excellence.

Prof. Gicharu recalled that lack of basic equipment hindered the acquisition of practical knowledge in his heydays as a high school student. He said those challenges motivated him to invest in the provision of quality education.

“We used to imagine what a burette was, we only heard of chemicals’ names; as a result, we also imagined how those chemicals reacted with different elements.” Prof. Gicharu recalled, inviting a peal of hearty laughter from staff and students present.

He encouraged students across the campuses to take advantage of the University's zeal to produce competent graduates. These equipment will benefit students in Thika, Nairobi, Nakuru and Mombasa campuses to ensure seamless training in all campuses.

Department of Journalism offers Master's and Bachelor's degrees in journalism and media studies, and diplomas. Other programmes offered at the department are

Bachelor of Arts in Film and Animation Studies and Public Relations.

The University VC Prof. Jaganyi said the University took pride in its equipped libraries, laboratories and qualified staff, advising students to utilize these resources for their academic benefits.

The Head of department, Mr. Githua, thanked the University Board Chair and the Management

for their commitment to the provision of excellent education centred on research and innovation for individual transformation and sustainable development.

On the hand, students expressed their gratitude saying that the equipment would be useful in gaining relevant skills sort after in the industry. The University Media Alumni continue to offer their professional services to local and international media.

Harun Thoya and Peter Kamau, are third-year students pursuing a Bachelor's degree in Journalism and are confident of the impact this state-of-the-art technology will have on their quest to better their journalistic abilities.

“My passion lies in sports journalism. I am happy that the university has bought these professional microphones and sound consoles,”

Thoya said, sentiments that Kamau concurred will boost the quality of the training of aspiring radio journalists.

The Mount Kenya University-affiliated TV47 plays a key role in providing media students with relevant industry experience. The fast-growing media house in the region has absorbed key talents

from the university, making it possible for inclusive training and employment offers to outstanding students.

The department of journalism added to its inventory: industry-standard professional video cameras, ATEM Design Video mixers, teleprompters, film drones, lights, DSRL cameras and many others.

# Infrastructural Boost

## SOME OF MKU RESEARCH EQUIPMENT AND THEIR USE

**Bomb Calorimeter:** Used for determining the calorific value of given samples, such as animal feeds.

**Diathermy machine:** This is used for training and research work, mainly for health-based work involving surgical procedures. Students studying MBChB, Clinical Medicine, Nursing and Pharmacy, use it for therapeutic treatment, most commonly prescribed for muscle and joint conditions.

**AAS (Atomic Absorption Spectrometer):** Used in analysis of both essential minerals and heavy metals in various samples.

**Pindex machine:** Used for precision placing of die pins.

**GC (Gas Chromatography):** This equipment is used for separating and analysing the gaseous and volatile compounds, and also in food, beverage, flavour and fragrance analysis.

**RT-qPCR machine:** It is used for RNA-based viral research work, and can detect the genetic information of Covid-19, even if the virus is present in extremely small amounts.

**ORBITAL INCUBATOR:** This equipment is designed for precise temperature control and simultaneous shaking applications required in fermentation studies, enzyme reactions, life sciences, tissue culture and biotechnology, and research labs.

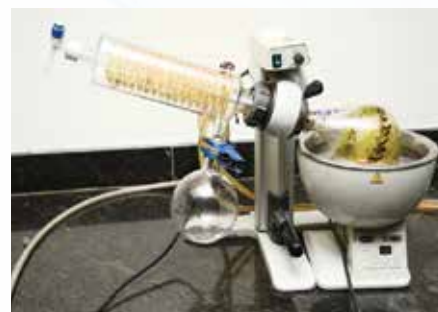

**Acrylizer:** Used for processing heat cured dentures. The university also uses it in offering community-based services.

**Centrifugal casting machine:** Used in automatic metal casting for training and research in both dental technology and community oral health.

**Digital photomicrography setup:** Used for pathological studies and for research work that requires the storage and publication of images of microscopic organisms and their features.

**Rotary evaporator:** Used for the evaporation of solvents at low temperature under a vacuum. It is essential in ethnomedicine or herbal research work.

**Anaesthesia machine:** This is a medical device that supplies oxygen gas along with other inhalation anaesthetics to a patient. The following programmes: MBChB, Clinical Medicine, Nursing, and Pharmacy, use it for training and research. It can also be used to offer community-based services.

**HPLC (High-Performance Liquid Chromatography):** Used in natural product chemistry for identification and quantification of active compounds. In pharmaceutical chemistry, it is used in quality control analysis of drugs.

**FTIR (Fourier Transform Infrared Spectrometer):** Used to identify the functional groups in materials (gas, liquid, and solid) by using the beam of infrared radiations.

# Grant Award

## ENGAGED RESEARCH FUND RECIPIENTS 2022

Dr. Peter Kirira, Deputy Vice-Chancellor, Administration, Planning and Institutional Advancement, Mount Kenya University (Kenya)

**T**alloires Network of Engaged Universities and Open Society University Network (OSUN) have awarded 24 grants to faculty and graduate students in 14 countries to support their engaged scholarship. Affiliated with OSUN and TN member institutions, the faculty and graduate students are working to develop long-term, sustainable community partnerships as a central part of their research, with a goal to develop shared knowledge about issues that align with OSUN and TN priorities.

The Engaged Faculty Scholar Award is for faculty whose scholarship incorporates community-based research into new or existing research and supports sustained community partners as long-term collaborators. The Engaged Scholar Award is for graduate students pursuing research that integrates community engagement into new or existing scholarship.

## Afyadx Network for Maternal Health Diagnostics in Resource Limited Settings

**T**he AfyaDx network brings together stakeholders from Sweden and Sub-Saharan Africa to tackle the challenge of point of care diagnostics in Africa with stakeholders in Africa so that they can be build and function in their intended environment. The network primarily aims to address the UN Sustainable Development Goal (SDG) 3 (Good Health and Wellbeing), helping to reduce maternal mortality and preventable deaths of newborns through timely and robust diagnosis. It also addresses aspects of SDG 4 (Quality

Education), SDG 9 (Industry, Innovation, Infrastructure) and SDG 17 (Partnerships). The network is courtesy of a collaborative research grant from Formas research council in Sweden. It is spearheaded by physician scientist Dr Jesse Gitaka and Dr. Samuel Mbugua from Mount Kenya University (MKU) and analytical chemist Prof. Nicole Pamme and Dr. Pablo Rodriguez from Stockholm University (SU). For more information : <https://www.linkedin.com/company/afyadx-network>.

## MATERNAL HEALTH RESEARCH PROGRAM

**M**ount Kenya University (MKU) understands the burden associated with maternal health issues that affect communities globally and in Kenya. For instance, malaria in pregnancy is a serious health threat to the mother, foetus and neonate. The World Health Organization (WHO) estimates that in 2020 alone, 12 million cases occurred, resulting in more than 800,000 children being born with low birthweight or before full term maturity. In Kenya alone, each year, approximately 1 million women who become pregnant are at risk of getting malaria. This is an indicator that the situation might worsen if necessary interventions are not taken, that is why research teams at MKU are actively contributing to maternal health research by developing tools to combat the ravaging effects of malaria, as well as curable sexually transmitted infections (CuSTI). The University is also championing research for malaria vaccine developments through identification of new vaccine targets using computational, laboratory and field-based approaches. This has become possible through collaborations with bodies such as WHO.

# Research

## MKU SEEKS TO CONTINUE WITH LEADING AGE CANCER RESEARCH

**A**part from setting up functional cancer registries at Machakos and Kijabe Hospitals, MKU researchers, led by Dr Francis Makokha have collaborated with faculty from Aga Khan University Hospital and AIC Kijabe Hospital to initiate a breast cancer genomics project. This seeks to understand the genetic drivers of breast cancer in Kenya. This has assisted perform whole exome sequencing of DNA from breast cancer tumour and non-tumour tissues and RNA sequencing from 23 participants. Currently, Dr Makokha (project PI) is currently working with the NCI team to perform single cell RNA sequencing on breast cancer, a procedure that many top notch laboratories have tried without success. The project is showing a lot of success and the team hopes to share preliminary results in the first quarter of 2023. Additionally, this team in collaboration with The University of Edinburgh has demonstrated that circulating DNA can be recovered from the blood plasma of breast cancer patients, giving hope of utilising liquid biopsy for precision diagnosis and treatment of breast cancer in Kenya.

The MKU team and other partners are also on a collaborative study on prostate cancer.

*Dr. Francis Makokha gives a guest lecture on prostate cancer research in Kenya at the Centre for Prostate Cancer Disease Research of the Uniformed Services University on November 16th, 2022. In attendance were Prof. Cayton Yates from Johns Hopkins University, Dr. Stefan Ambs from the Laboratory of Human Carcinogenesis (NCI), Dr. Gyorgy Petrovics, Dr.. Albert Dobi and Indu Kohaar all from Centre for Prostate Cancer Disease Research.*

## MKU LECTURER SHINING ON THE GLOBAL STAGE.

**M**et Mr. Gideon Gachihi, Clinician and MSc. (Cancer and Clinical Oncology) holder. A Tutorial Fellow at Mount Kenya University, Gedion wears many hats under the organizations he serves due to his passion in the Cancer field.

He is also a Commonwealth Scholar, Youth representative in Commonwealth International Taskforce on Cervical Cancer Elimination and a member of Commonwealth health youth network.

Between 16<sup>th</sup> and 21<sup>st</sup> October, Mr. Gedion Gachihi, under Commonwealth Secretariat travelled to Geneva, Switzerland to represent the Commonwealth Health Youth Network (CYHN) at the World Cancer Congress. This is an event that brings cancer specialists; oncologists, researchers and scientists together.

# Kenya National Music Festival

The event took place in September where Thika, Meru, Nakuru, Eldoret and Nairobi campuses participated. Among the winning

items were class 695M zilizopendwa arrangement, Taarab 646M, Brass Assemble 917M and Choral verse 1031M.

Members of the University Coral Verse handing over their trophy (Class 1031M) to the Vice-Chancellor Prof. Deogratius Jaganyi.

# Scholarship

## MKU OFFERS A FULL SCHOLARSHIP

Nafula was awarded a full scholarship to join the MKU and pursue a Bachelor of Medicine and Bachelor of Surgery degree programme. Nafula sat for her KCSE examinations 15 years ago, scored an A but was unable to proceed with higher education due to lack of fees. She had been working odd jobs but still harboured the dream of becoming a doctor. Her story was highlighted in 2021 and MKU offered her a full scholarship that covers school fees, accommodation and book expenses.

Mount Kenya University founder Prof. Simon Gicharu hands over an acre of land and house to Milly Nafula at Trans-Nzoia county, after presenting her with a full scholarship certificate to join the university.

MKU Vice-Chancellor Prof. Deogratius Jaganyi, (centre) welcomes Milly Nafula to the University. She will be pursuing a Bachelor of Medicine and Bachelor of Surgery degree programme on a full scholarship offered by MKU Foundation. Prof. Jaganyi is accompanied by Dr. Josphat Njuguna, Principal MKU College of Health Sciences (right), Prof. Peter Wanderi Principal Corporate Services and Communications and Peter Njenga Coordinator, Kitale ODeL Centre (left).

# Disability is Not Inability

## FEATURING MBITHE A GRADUAND DURING THE 22<sup>ND</sup> GRADUATION CEREMONY

**H**esbon Mbithe, a young man who lives with disability shares his story, how he came to be disabled and ultimately the steps and challenges thereafter in coping with his status. He comes from a family of two children raised by a single mother. His mother passed on after being involved in a road accident when he was still young.

As an orphan, he battled with life during his early learning at primary school level and despite the challenges he sat for his Kenya Certificate of primary Education (KCPE) and managed to join a high school in Machakos. One of his aunt took responsibility of guardianship until he got a sponsor to support his education.

Upon successful completion of his high school education, He joined a supplies company as a driver. This is where Hesbon's life came to change to the current status of having a permanent impairment that paralyzed both of his legs.

Hesbon was involved in an accident on 21<sup>st</sup> March, 2017 which led to fractures in his left leg femur and tibia and developed a compression on his spinal cord. He was hospitalised for 8 months and he developed bedsores in December 2017 and was admitted for four months. He got a catheter in June 2018 and was admitted in various hospitals and eventually went through a catheter operation in December 12, 2018.

In September 2019 He joined Mount Kenya University to study a Diploma in Information Technology programme. He became a member of the Association of Students Aabled-differently in the University. This gave him necessary psycho-social support

*Hesbon Mbithe, a graduand, Diploma in Information Technology.*

and assistance from colleagues with diverse forms of impairment.

In September, 2021 Hesbon developed a hip joint infection on both legs and was admitted to Thika Level 5 Hospital for further treatment. The doctors resolved to remove the bone due to the adverse infection leading to several surgeries on his both legs.

Mount Kenya University fraternity significantly supported him. The Patron and Coordinator of Students abled-differently mobilized the well-wishers who supported him to purchase a ripple mattress and meet other requirements. Another God's miracle happened when he was assessed and recommended to have an electric wheelchair as a result of his condition. The Principal, Student Welfare and Alumni Affairs together with PWDs coordinator Dr. Serah Kimaru made a follow-up of the wheelchair through the Disability Service Officer Mr. Kenneth Kabene. In December 2021, an electric

wheelchair worth Ksh. 180,000 from the NCPWD office/APDK was donated enhancing his mobility.

As Hesbon graduate today, it is a clear testimony that disability is not inability. He expresses sincere gratitude to Mount Kenya University Special Needs Association (MKUSNA), staff, students, University management and all the well-wishers.

*"I will be graduating with a Diploma in Information Technology during the 22<sup>nd</sup> graduation ceremony. I testify greatness of the Almighty God. I appreciate Mount Kenya University fraternity for their goodwill in my university life."*

In addition, he expresses his testimony and achievement.

*"The year 2019 will ever remain in my memories. It was my first year in Mount Kenya University. The warm welcome I received from the Dean of students Emmanuel Owuor, patron to the PWDs and Dean School of Social Sciences, Dr. Serah Kimaru, teaching and professional staff and students really made me feel at home away from home. Indeed the institution have put in place structures and mechanisms that are favourable to PWDs in all aspects of life; academic, physical and social aspects."*

All in all, he encourages all PWD to follow suit.

*"I wish to encourage the persons abled-differently to make good use of the structures that the institution has put in place."*

Disability is viewed to be a person with physical, visual, hearing or intellectual impairment. However, this does not prevent a person from participating and moving on with normal life. This is the reason why disability is referred to as "not inability" or "ability in disability".

# Corporate Social Responsibility

## VARSITY MAKES DONATIONS TO ENZIU PRIMARY SCHOOL IN MWINGI CENTRAL

Mount Kenya University donates food to Enziu Primary school and the needy in the neighbourhood.

While exercising Humanity to each other- Ubuntu philosophy, MKU staff and students in a corporate social investment event on 18th November donated foodstuff to pupils and select parents of Enziu primary school. The event was organized by Communications and Corporate Affairs.

Community service is the third mandate of the University that offers teaching and research and has been implemented through community outreach projects such as the construction of the neo-natal wing at Bungoma Hospital, the water backpack project at Laikipia, food donation programmes, and tree planting and sustainability efforts.

Children from drought-stricken families had an opportunity to enjoy a healthy lunch with the team from

MKU. The donations will improve the school lunch programme where students have been getting porridge as their lunch. The meals were prepared by MKU staff and students who were led by Dr. Dominic Mogere, public health officer and lecturer, and Ms. Mumina Hussein MKU Students Association Vice-Chairperson.

Mount Kenya University is the hub for SDG 10: Reduced Inequalities and has set community activities geared towards civic education that will enhance Community growth, and climate action, and support the differently-abled groups.

Mount Kenya University participated in a tree-planting event at Kapseret Forest in Uasin Gishu County where hundreds of seedlings were planted. AAR Insurance, who were the main organizers, has partnered with the local water and sanitation company to ensure the seedlings are watered during the current dry season.

MKU Eldoret Campus in conjunction with the county government of Uasin Gishu and other stakeholders in a clean up exercise of Eldoret Town.

Nairobi Campus staff and students during a city clean up exercise aimed at improving the living environment.

# MKU Malindi ODeL Centre

## ABOUT MALINDI ODeL CENTRE

*Since its inception the centre has significantly contributed to social-economic transformation of the region through the supply of refined human capital to local, national and international firms.*

**M**alindi Odel Ultra-Modern Centre is situated in Malindi town which is the home to some of the world's reknown historical and attractive sites such as Vasco Da Ghama Pillar, Gede Ruins, and Hell's Kitchen. Malindi is also a home to some of best tourism facilities and Whitesand coastal beaches. The centre was established in September, 2012 as an MKU ICT Centre under Mombasa Campus. It was however transformed into a Campus to offer market-driven courses on evening and distance learning modes. In September, 2019 the centre was restructured into one of five University ODeL centres serving Northern Coast region notably, Kilifi, Lamu and Tana River Counties.

Since its inception the centre has significantly contributed to social-economic transformation of the

region through the supply of refined human capital to local, national and international firms. MKU Malindi ODeL Centre prides itself as an academic landmark in the region with its unwavering commitment to offer all students an opportunity to unlock infinite possibilities.

Up to 26<sup>th</sup> March, 2021, the centre was located at Al-Noor Plaza, Malindi. However, from 27<sup>th</sup> March, 2021, the centre was relocated to the iconic magnificent facility of the university at BP Corner, in Malindi. The new location offers a conducive, quiet and isolated learning environment to all learners.

The centre offers market-driven courses comprising of Certificates, diploma, bachelor's and master's in the School of Business and Economics, School of Social Sciences, School of Education and School of Computing & informatics.

The centre is also set to offer TVET Programmes from 2023.

*Welcome to MKU Malindi ODeL Centre, a spring of knowledge to global citizens.*

# International Junior Nurses Fellowship

## UK INTERNATIONAL JUNIOR NURSES FELLOWSHIP PROGRAM 1<sup>ST</sup> COHORT GRADUATES AS 2<sup>ND</sup> COHORT BENEFICIARIES SHARE THEIR EXPECTATIONS

**Mount Kenya University Nursing students who have graduated from the Exchange programme (cohort 1) testimonials**

*International Junior nurses fellowship first cohort members pose for a photo with Ms. Elizabeth Ndung'u, Nursing lecturer and the coordinator of the project.*

**Zipporah Marwa**

Joining IJNF changed my perception of research; I used to despise research so much since I always thought writing a research paper is time-consuming and tedious. This programme has nurtured me hence achieving tremendous transformation.

I have learned to be resilient and confident when it comes to presentations as well as being a good leader. I have been able to incorporate and demonstrate the types of

leadership skills acquired. I am able to mentor, guide and tutor other students on matters of writing qualitative research papers. In a million ways, the international Junior Nurse Fellowship programme opened doors for me. Sharing experiences with the Bradford NHS trust Foundation was like winning a lottery, I will always cherish the time, ideas shared and memories spent with all students from both varsities.

**Ashura Twaha**

This programme has played a great role

in my life, in not only teaching me all I need to know about research in depth, but also imparting life-skills. It is a programme that was filled with lessons, knowledge, fun, and above all, one that held everyone's hand. It personally helped me keep pushing and not give up during that whole year. I'm grateful to all the mentors involved. Utmost gratitude is to Elizabeth Ndung'u and Debbie Cromack.

**Brenda Mwendwa**

I joined the programme in July 2021 with an aim of learning more about research and leadership skills. I acquired research paper-writing skills and the programme offered me an opportunity to conduct my research project successfully. More so, I improved my communication and socializing skills by interacting and sharing ideas with other members of the cohort from the Bradford District. The programme has been an eye-opener for young training nurses; we have learned what nursing entails as a profession. The IJNF programme has been of great benefit to me and my fellow graduates.

**Christine Nzilani Kithunga**

This programme has not only helped me in my education but also enlightened me in communication and leadership skills. Through this programme, I was able to learn more about research-writing and this helped me through writing my research project for the degree award. I was also able to interact with other members of the cohort from the United Kingdom with whom we shared experiences about nursing as a profession and even life experiences. I take this golden opportunity to thank programme leaders for giving me a chance to be a member of the IJNF. I am looking forward to making use of these skills that I have learned throughout the programme as I have graduated.

**Gladys Wairimu Muchiri**

I would like to appreciate and congratulate the vision bearers of this programme madam Elizabeth Ndung'u from Kenya and Madam Debbie Cromack from Bradford University. IJNF has sharpened my leadership skills and I now feel like a brand new knife ready to journey to the next leadership position after university when the opportunity presents itself.

IJNF has helped me in time management. Research work for me was always a breath-taking experience yet through IJNF, I was able to complete my research project. The fun

moments we had in a meeting with our fellow student nurses from the United Kingdom is such an unforgettable experience. Spiritual life and mental health were greatly inspired.

**Grace Wanjiru Ngiciri**

The international junior nurses' fellowship imparts more than skills for writing research projects. Right from module one, I started to incorporate skills into my research project writing making my work concise, effective and verifiable. Leadership was also at the core of the programme. I loved the recipe that teaches why, how, and when to use different leadership styles. The programme allowed me to share my experiences as a student nurse in Kenya with early career nurses in Bradford UK, improving my presentation and life skills in the nursing profession. My confidence; research, leadership and presentation skills; and personal growth have increased drastically. I look forward to publishing my research and mentoring junior nurses in research, leadership and the nursing profession.

**Lillian Karara**

Having gone through the nursing programme in the college of health sciences, I felt I needed a shoulder to lean on and IJNF was conceived and came in handy when I needed mentorship. I am grateful to be among the first beneficiaries. This noble programme has really impacted my

life positively, improved my research writing, and leadership skills. I am glad to have been mentored by a great lady, Elizabeth Ndungu, a faculty in MKU Nursing school. I salute the programme leaders; you have been a great inspiration, and I owe you lots of gratitude. I want to thank all the participants both in Kenya and UK for making this programme worthwhile.

**Simatwa Robi Nicole**

I was delighted to have been selected as one of the participants in the IJNF programme and successfully graduated. The programme has not only instilled confidence in me but also enabled me better my skills in research writing, and acquire incredible competency values and leadership skills. Through this virtual programme, I have engaged in different modules, which have greatly impacted my leadership style, and enabled me to have a positive attitude toward group discussions and learning with others. This was through sharing experiences with the Bradford District Care Foundation Cohorts. The IJNF programme has also helped me identify my research topic and work through a qualitative research proposal. In conclusion, the fellowship programme has greatly equipped me over the past 12 months beyond my expectations.

**Samuel Waita**

IJNF has been truly an inspirational programme that has developed my

outlook. It was a programme where all members embraced new ideas, discussed and challenged one another in a friendly and supportive manner. In this programme, I got to learn a lot in terms of leadership, communication and presentation skills. The experience I gained in this programme was a lifetime opportunity that will help me thrive as an individual. Thank you Madam Elizabeth and Debbie for giving me the opportunity to be a member of this amazing programme.

**Carren Chebet Kasis**

I appreciate to be part of the International Junior Nurses Fellowship. I believe that I am going to attain the necessary knowledge and skills that pertain to my career. I also hope that am going to learn how to communicate and relate with my fellow nurses from abroad and share some useful ideas. I am eagerly waiting to start and know more about research. I believe that I will emerge as a transformed person.

**Charles Kahiro,**

I am currently in my 3rd clinical placement. The first two were eye-openers to practical hands-on nursing. They were full of different experiences, and emotions and I enjoyed learning new things, and I still do. I learned birth, death, and other life milestones. This fellowship is a wonderful opportunity

to become a better leader, learn as well as carry out quality evidence-based research, network, meet interesting people and even make friends.

**Lokieny Epas Jacob**

I am glad to be in IJNF Cohort 2. I find this programme to be an ideal stepping-stone towards the full realization of my dreams. While in the programme, I am looking forward to a positive and productive learning environment where I can be guided in research projects, communication and sharpening my leadership skills.

**Georgina Nyanchama Ongwae**

I am glad to be part of the international junior nursing fellowship 2nd Cohort. I look forward to being able to get skills and knowledge during the programme. This will assist me in my achievement of self-identity. While participating in the workshops I am hoping to gain leadership skills. This is a starting point for more opportunities in the future.

**Irene Nduku Mutinda**

I am a proud beneficiary of the IJNF Cohort 2. The first two of my clinical rotations were full of highs and lows. The IJNF has helped me impact positively my career in terms of experience. I am looking forward to being equipped with research and leadership skills. I am also open to new experiences and learning skills that come with this programme.

**Naomi Kaingu**

Nursing school has not been a walk in the park for me, with days packed with classes and assignments to do over the weekend. I underwent my 1<sup>st</sup> and 2<sup>nd</sup> clinical rotations at Thika Level 5 hospital and it was challenging incorporating theory into practice. However, with the support of the registered nurses and the university supervisors, I gained a lot of experience. The IJNF programme has come in handy during this time when I am manoeuvring between my research project, classes, and personal growth as a senior student. I am excited to be part of this programme. It has given me a sense of belonging that will end with a sense of achievement. I look forward to becoming a researcher, improving on my leadership skills and being a role model to other junior nurses. Also, I expect to gain a global perspective and widen my social network through interaction with other students and nurses at Bradford University.

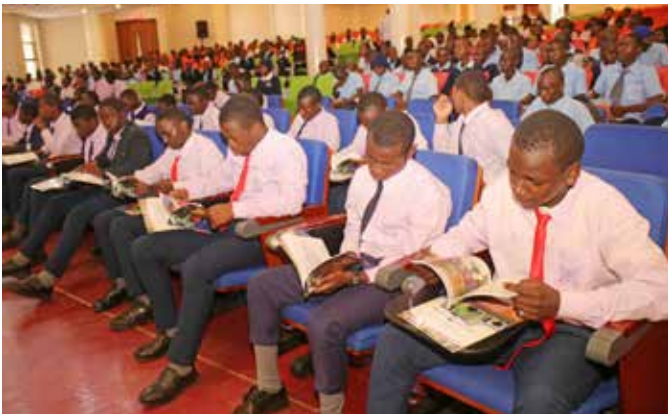

# Career Mentorship

The communication and corporate affairs director has intensified the career mentorship program through school visits and exhibitions in Kenya and across Africa.

The Directorate holds career talks and exhibition fairs in and out of the university. This is a free service that

is meant to equip the students with the knowledge of how to progress in terms of future career development.

For visiting schools, the programme is conducted on the last Friday of every month and requests can be made through [communication@mku.ac.ke](mailto:communication@mku.ac.ke)

# MKU Cultural Week

Winners of Mr. & Miss. MKU. 2022/23 Pageant Competition: Larry Kiprono Bachelor of Education (Ars) and Hope Zilper Bachelor of Education (Special Needs), (seated).

Mr. & Miss. MKU 2022 Pageant Competition winners of various categories.

# Mr & Miss Equip Africa Institute

**Equip Africa Institute is a constituent college of MKU offering TVET Courses**

October 22<sup>nd</sup>, 2022 was an evening full of culture, fashion, creativity and unique talents from the students of Equip Africa Institute. Brawel Mwika and Doreen Rungura emerged tops in a hotly contested “Mr. & Miss Equip Nairobi Campus 2022” pageant title. The two were crowned by the Campus Centre Manager, Ms. Vivienne Wesa, in a colourful night event hosted for the

second time at the Nairobi Cinema’s vast Theatre.

Sixteen contestants took to the catwalk in front of a panel of judges keen on evaluating contestants’ display of originality, creativity, confidence & issue articulation.

Students were treated to a variety of stage performances ranging from spoken word poetry, dance and drama culminating in the pageant.

The winners boast of impressive resumes in and out of class. Bramwel is an ICT student, a very talented spoken word artist, the Secretary General at EAI, Nairobi Campus, a designer, model, and entrepreneur. Doreen studies Community Health and is the founder of her own NGO initiative Big Sister Initiative. She is also the vice-president of EAI Nairobi Campus and a designer.

# Testimonials, Scholarship Beneficiaries

## MKU INTERNAL SCHOLARSHIP BENEFICIARIES GRADUATE DURING THE 22<sup>ND</sup> GRADUATION CEREMONY

MOUNT KENYA UNIVERSITY  
FOUNDATION  
Enable, Empower, Inspire

**M**ount Kenya University Foundation has endeavored to **Enable, Empower and Inspire** students, staff and the community at large from all walks of life. Through the MKU Internal Scholarship that is released annually by the MKU Foundation, over **four hundred needy students** have benefited since its inception in 2019.

A majority of the MKU Internal Scholarship beneficiaries are ongoing students and we continue to walk with them through the journey of academic progression. There are those who have also been able to graduate thanks to the generous contributions made through the payment of their respective tuition fee because of the scholarship awards.

We take this opportunity to congratulate the students graduating during the 22<sup>nd</sup> Graduation ceremony. We further extend a special congratulatory message to the **MKU Internal Scholarship beneficiaries**, and call on you to remember that, *someone lit your candle, and so be gracious to light another's candle and give meaningful positive impact to another student's life.*

**Ogega Tom Ratemo.** I joined Mount Kenya University in the year 2018 as a certificate student in Journalism and Mass Communication from the School of Social Sciences and later advanced to Diploma level in the same course. I am happy that I will be among the students who will be graduating during MKU's 22<sup>nd</sup> graduation ceremony scheduled for 9<sup>th</sup> December 2022.

I have had the opportunity to benefit from the MKU Internal Scholarship offered through the MKU Foundation. Through the scholarship, I was able to undertake my studies smoothly. I can confidently say that if it was not for the support that I got from the Mount Kenya University Internal Scholarship, my studies at the University would have ended on the way. The financial strain for me, was especially felt at the height of the COVID-19 pandemic period when my parents were unable to raise my University fees but thanks to the scholarship that I was awarded I was able to go on with my studies through to completion.

One thing that I appreciate about The Mount Kenya University Foundation is the transparency of the process of award right from the point of application to award. Thus, I recommend that if you are a student at Mount Kenya University and you have difficulties in raising your fees, check out the Mount Kenya University Internal Scholarship offered annually, as you could very well be the next scholarship beneficiary. Thank you Mount Kenya University Foundation for supporting me.

**Adeyi Stephen Oyekunle** from Nigeria. I am a Graduate of B.Sc in Information Technology at Mount Kenya University. I was one of the recipients of the MKU Internal Scholarship 2022. The scholarship has been of great impact to me and has allowed me to progress with my studies and be the best in my class. By the Grace of God, I graduate with a First Class Honours and I thank God for that. I thank MKU Foundation for according me the opportunity to continue with my studies and I am using this opportunity to advice

other students who are in need of scholarship to support their studies to apply for the MKU Internal Scholarship, without fear of doubt or contradiction, if you qualify, you will surely be a beneficiary. I thank MKU Foundation for this great and rare opportunity, I am really grateful and God continue to bless the Foundation till eternity. Shalom!

**Charity Wangeci Mwangi** a Bachelor of Education Science Graduate. I would like to take this opportunity to thank the MKU FOUNDATION for the scholarship offered to carry on with my studies. It played an important role in assisting me complete my degree at Mount Kenya University.

Towards the completion of my degree, I faced immense financial challenges having tried everything that I could think of to raise funds for my fees. At the time it felt like I had come to the end of the road and everything was over for me. However, after trying to apply for the MKU Internal Scholarship through MKU Foundation my application was successful. Hope was restored to me. I thank God for the support that was accorded to me through the scholarship. May God continue to grant MKU Foundation His grace so that they can continue to enable, empower and inspire more students that are struggling to complete their education at the University.

My name is **Andrew Otieno Owuor** a graduate from the School of

Business and Economics. This has been made possible for me because of the MKU Internal Scholarship which I was awarded through Mount Kenya University Foundation. I am sincerely honored and grateful that I was found worthy of the esteemed scholarship. Thank you for the generosity and thoughtfulness.

This funding helped me to overcome the financial crisis that I was in. It really helped me to pay and settle my school fees and manage to fulfill my dreams. As a student am glad that this funding has now made me get to this point of graduating. The scholarship has positively impacted on my academic progression and has brought me closer to achieving my career goals. Thank you again for your consideration and may God bless MKU Foundation and the entire MKU fraternity.

## STUDENT'S TESTIMONIAL

I joined campus in September 2015 to pursue my dream career. I am also passionate about research and mental health advocacy, which I try to make some time for in my ever-busy schedule.

I am currently the Vice-president of the upcoming Mount Kenya University Medical Research Club (MKUMReC), the Chairperson (and a cofounder) of Psychywell, a mental health awareness association and a former member of the Young Professionals Chronic Disease Network (YPCDN) – Thika Chapter. To enhance practical training I have

*James Njoroge Ireri, 6th year medical student at Mount Kenya University (MKU)*

participated in various medical camps and volunteered in hospital.

I appreciate Mount Kenya University for equipping me with leadership skills that have made me be the person I am. At MKU you are equipped with skills to achieve your career aspirations. I have perfected my talent in drawing; majorly portraiture and I have participated in Chess game during the National Kenya University Sports Association (KUSA) games on behalf of my university

**MKU NDIO HOME**

# Testimonials, PhD Graduands

**Harun Issack Hassan -  
PHDCP/2018/39689**

**Experience with the processes:**

My PhD is beyond doubt one of the hardest, most rewarding, confidence-sapping, confidence-boosting, brutal and uplifting academic challenges I have ever faced. The progression from the neatly defined, taught modules of an undergraduate or master's degree to the student-led study required for a PhD is vast. Vast, but absolutely achievable. Simply being accepted onto a PhD programme gave me the confidence that academics believe that I am capable of embarking on such a challenge - and this remained firmly lodged in my mind as I navigated the academic wilderness ahead. Notably, very encouraging

and supportive work environment with enthusiastic supervisors that impacted significant fundamental changes in my mind in the process of my studies towards achieving my academic aspirations and supported my contribution to the body of knowledge.

**A word of encouragement to those in the process:** The journey is tough and need to remain focused and own the study.

**Mauta Peter Kaindio -  
PHD/00210/113/24089**

The course work that took one year was uneventful. Coming every weekend for classes, for a whole year, to main campus, Thika, was not a walk in the park. Doing the assignments and sitting for CATs

and examinations after thorough preparations was challenging. The time was never enough, taking into consideration that one is already a government employee. The University offered the best assistance it could during tedious academic journey. This assistance included but not limited to; university hotel where we bought good meals, online library, quick feedback after the defenses, open door policy and clearly documented channels through which a student's grievances could be heard and sorted. It is possible to complete MKU PHD degree program within a period of four years, if a student devotes much of his time to this endeavor.

**George Njorge -  
PHDNS/2018/37022**

The process at the University has clear guidelines, the staff team was very supportive and I encourage other students to come and experience this good learning environment. I plan to continue with awareness on early diagnosis for morbidity due to alcohol consumption and improve on the management and referral to minimize mortality arising from alcohol liver diseases. I encourage the students who are still on session or willing to join the institution for their admission that MKU is the place best suited for them.

**Shinali Maryconsolata Khasanti-  
PHD/2013/53927**

Learning in MKU has been fulfilling in that the mode of studies was holistic. Having the coursework component at PhD level was the best experience I had. This is because I had a chance to interact with research materials first hand as I did various presentations on different topics in my area of study. This later translated into articles which were published in referred journals. This was facilitated by my course lecturers who guided us on how to publish articles after presenting them in class. The School of Education was instrumental in supporting me achieve my academic /aspirations in that I landed a job due to their guidance. I would encourage all postgraduate students in MKU to work closely with the lecturers and their respective schools/faculty for purposes of networking.

**Aremu Abdulmujeeb Babatunde  
- PHDPH/2017/77004**

I am Aremu by name a graduate of PHD Public Health, I must say this that it was indeed a tough journey, but in the end it really worth it.

I was blessed by the appointment of the most qualified suitable supervisors for my research work who guided me, mentored and supervised me through the rigorous PhD journey. We went through the whole process together. They never abandoned me for a moment. I have learnt a lot from them most especially the process of professional and academic mentoring, research supervising skills and art of scholastic writing.

The university in general has given a lot of opportunities for students to enjoy research process such as subscribing to open access journals and stable internet facilities.

My research was able to provide a solution that can be adopted in all workplace or industries. Research has proven it that Musculoskeletal Disorders to a lay man (General body muscle and joint pain) will affect every individual at a certain point in his/her life time, be it back pain, neck pain, wrist pain e.t.c. The long term effect of this excruciating pain if untreated can lead to permanent disabilities.

PhD is a rigorous and interesting journey only for the dedicated minds, I will advise those in the process to see the whole program as a complete car with unassembled parts. The role of your supervisor is to tell you the brand of a car you are to assemble and your duty as a student is to look for a way of assembling the car to work properly (study objectives) by getting a proper working process which is the always a study methodology. Anything that has a beginning must have an end. Never give up.

**Samuel Mbugua -  
PHDPH/2018/30437**

It's been an incredible journey to say the least! The hard work put in during my studies and the supportive community have been phenomenon. The lessons learnt during construction of knowledge and the experiences through this PhD course have provided invaluable insights in public health research that I hope to share with the world in my profession. My gratitude goes out to my supervisors, school of public health, school of postgraduate studies, the entirety of the college of graduate studies and research and the school of nursing for their support, motivation, and friendship. The learning environment in Mount Kenya University has been a sanctuary and it has been a privilege to be a part of it. I earnestly look forward to continuously participate in research and growing the impact of public health interventions. To all postgraduate students, put in the work, finding it difficult is not an indication of weakness, it is a measure of strength. You are not alone, rather in the company of a formidable academic giants.

# ACCESS Project 2020-2025

## MKU SPEARHEADS SERVICE LEARNING UNDER THE AFRICAN CENTRE FOR CAREER ENHANCEMENT & SKILLS SUPPORT (ACCESS)

**A**frican Centre for Career Enhancement & Skills Support (ACCESS) is 2020-2025 project initiated by University of Leipzig, to address today's challenge to improve employability of our graduates to match our future needs. The project organizes semi-annually international summer schools, where ongoing PhD. academic staff are selected to attend the summer experience, through round-table meetings, panel discussions, organized visits to industries, partners and innovation hubs as part of integrating the service-learning (SL) concept under the university-business linkages pillar (UBL). Some of the key outputs of the project at MKU is two PhD. scholarship awards to study at Leipzig University. The project has also funded two academic staff members at MKU (Dr John Kamau-School of Computing and Informatics and Ms. Roseline Masibili- School of Business and Economics) in development of innovative ideas towards reducing unemployment.

MKU, as the leading partner in Service-Learning Measure, has been nominated to host the next ACCESS summer school from May 22<sup>nd</sup>- May 26 2023, themed **“Beyond Classroom Experience in the Lenses of University-Industry Interaction”**.

*MKU team led by Dr. Henry Yatchi, Ag. Principal CGSR (Second right), Dr. Kofi Mensa-KNUST (right). Mr. Michael Nyoro (SCI), (3rd left), Mr. James Mwangi (SPAS), (Second left) and Ms. Beatrice Nkoroi (SON) at the 2nd International Summer School held at Kwame Nkuruma University of Science and Technology, Kumasi, Ghana in May, 2022.*

*MKU team listening to presentations at Kwame Nkuruma University of Science and Technology, Kumasi, Ghana in May, 2022.*

# Mt. Kenya University Sacco

## MOUNT KENYA UNIVERSITY REGULATED NON-WDT SACCO SOCIETY LTD

**M**ount Kenya University Regulated Non-WDT Sacco Society Ltd was initially registered as T.I.T Sacco before re-branding on 24<sup>th</sup> November, 2017.

The Sacco that was founded in 2005 has grown and now has over 1,000 members and member deposits in excess of Sh100 million. The society's main aim is to facilitate savings and provide credit to its members. The Sacco is registered under the Co-operative Society Act with its headquarters in Mount Kenya University, Thika. The Sacco offers Back Office Services Activity (BOSA). The Society was among 25 Non-Withdrawable Deposit Taking (NWD) Saccos issued with compliance certificates by the Sacco Society Regulatory Authority (SASRA)

The Sacco envisions attaining a significant growth in various key performance indicators in its 2019-2023 strategic plan such as growth in core capital, deposits, loan book and management of the loan defaulting.

Recently the Sacco opened its common bond to allow other members outside Mount Kenya University to join. The Sacco loan services include Development Loan, Education Loan, Loan Repurchase, Emergency Loan, Jiendeleze Loan and Super Okoa Loan.

Further, the Sacco has invested heavily in ICT where recently a Mobile Loan product dubbed MKU express was launched. By dialling \*483\*040# members can easily access the loan instantly without completing physical forms.

# MKU Rwanda

## A MODERN HOTEL TO SUPPORT HOSPITALITY TRAINING

Artistic impression of the state-of-the-art hotel under development at MKU Rwanda. The hotel is set to create cutting-edge training opportunities for Hospitality students in Rwanda.

## MISSION

### TO IDENTIFY, NURTURE AND MATURE YOUTHFUL GRADUATE ENTREPRENEURS ACROSS AFRICA

Mount Kenya University's Graduate Enterprise Academy (GEA) was instituted in 2013 as a community outreach platform whose activities are primarily geared towards youth empowerment and edification through entrepreneurial and leadership-oriented training. The impact of GEA has been phenomenal. This owes to two main reasons among others. These are the carefully selected and highly potent training which is blended from amongst relevant and renowned programs derived from across the globe and the fact that it is offered by a team of well-qualified and experienced practitioners and professors.

The GEA program at MKU has gone through progressive changes since inception which have been informed by the community dynamics as well as viability options. So far, two cohorts have been commissioned whose beneficiaries are running their businesses as well as mentoring others across the country. As a business accelerator, GEA embraces the Public – Private Partnerships strategy to ensure a quad – helix model. Exhibitions, face-to-face and digital mentoring, networking and monitoring and evaluations are key hallmarks of the GEA's strategic operations.

#### Call for applications

This is a continuously, on-going activity and so all Kenyan graduates from any university who are under 35 years of age are required to visit the website as herein shown for application forms.

# DIRECTORATE OF CAREER AND ALUMNI SERVICES

## TUITION FEE *Waiver*

*Enjoy Alumni Tuition and Application fees waiver*

### 1. TUITION FEES WAIVER - POSTGRADUATE PROGRAMMES

Mount Kenya University Foundation is the charitable arm of the University with programmes geared towards harnessing support that benefit the educational, research and the community service mandate of the University.

MKU Foundation will support the advancement of education and research through discretionary tuition fees waiver to the alumni who wish to advance their education from undergraduate to postgraduate level. This incentive has been advocated for by the College of Graduate Studies and Research to encourage the alumni of Mount Kenya University to pursue their postgraduate studies and promote research and innovation.

The University management has continued to give recognition to the university graduates in building the Mount Kenya University brand. In view of this, the University will waive to all alumni who will register for the postgraduate programmes the following;

1. **Up to a maximum of 10%** of the tuition fees waiver to alumni who register for postgraduate training within Mount Kenya University
2. **Up to a maximum of 100%** application fees for alumni registering for postgraduate programmes
3. Alumni advancing from certificate to diploma, diploma to bachelor's degree, will receive a waiver of application fees only **up to a maximum of 100%**

To all our graduates we welcome you back to the university to advance as your University of choice.

### 2. USE OF UNIVERSITY FACILITIES/ SERVICES

The university has continued to invest in infrastructure to support academic, research and curricular activities. Alumni who wish to use such facilities/ services may enjoy discounted rates from the market rates.

### 3. INFORMATION

The directorate of Career and alumni Services will assist students and alumni in acquiring information, knowledge and competencies that enhance individual career development, academic success and employability.

### 4. BUILDING RELATIONSHIPS WITH EMPLOYERS

The directorate of Career and Alumni Services will develop synergetic relationships with employers, commercial and industrial partners for the purpose of exploring attachment, internships and professional employment and wealth creation opportunities for students and graduates.
