**A RESEARCH PROJECT SUBMITTED FOR THE DEGREE OF
BACHELOR OF EDUCATION (ARTS) IN THE DEPARTMENT OF
CURRICULUM AND INSTRUCTIONS, SCHOOL OF
EDUCATION, MOUNT KENYA UNIVERSITY.**

SEPTEMBER 2012

ABSTRACT

The researcher investigated the factors leading to poor performance in KCPE exams in Naitiri zone, Bungoma County western province, Kenya.

The researcher achieved the following objectives: identified factors leading to poor performance in KCPE exams in primary schools in Naitiri zone, knew the concerns of education stakeholders in academic performance in Naitiri zone primary schools, identified possible solutions to the problem and finally came up with the methods of how the solutions can be implemented.

In order to accomplish the task the researcher used a quick impressionist summary by summarizing key findings and later write explanations, interpret and making conclusions

Thematic analysis method of data analysis was used by perusing the collected data and identifying information that was relevant.
